Re: General WEEB[®] compatibility with top clamp mounting PV systems

From: BURNDY LLC.

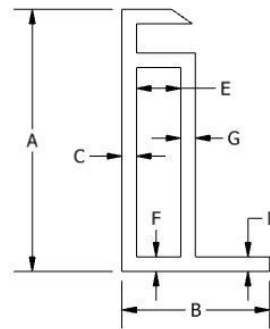

BURNDY[®] confirms that module frames whose cross sectional dimensions fall within the parameters below are compatible with mid-clamp application WEEBs. Any module frame whose dimensions fall outside those described require testing in order to determine compatibility. If you have any questions or would like to start the WEEB testing process, please contact the Wiley Engineering Department. Be sure to check the specific installation manual to ensure module frame compatibility as some applications do not support C-shaped module frames.

C-Shape Construction
Minimum Requirements

Dimension	Minimum	Maximum
A	35.0mm	50.0mm
B	6.5mm	N/A
C	1.5mm	N/A
D	1.5mm	N/A

Box Shape Construction
Minimum Requirements

Dimension	Minimum	Maximum
A	35.0mm	50.0mm
B	6.5mm	N/A
C	1.5mm	N/A
D	1.5mm	N/A
E	N/A	13.5mm
F	1.5mm	N/A
G	1.5mm	N/A

Sincerely,

Wiley Engineering Team
