FOR IMMEDIATE RELEASE

Weatherproof Motion Sensor from Bell

South Bend, Indiana May 8, 2018 – Bell Outdoor adds security and convenience to outdoor lighting. The 5639 series Weatherproof Motion Sensor Switch is a controllable, high quality floodlight accessory. Bell, part of Hubbell Commercial Construction, provides innovative electrical products to industrial, commercial and residential markets.

Bell's 5639 series sensor features controls for motion detection range, light sensitivity and light duration. It offers a 180° field of view for sensing motion. A patented multi-directional swivel joint allows for easy adjustment.

Control settings may be adjusted on the bottom of the unit. Motion range can be set from 0-65 feet (0-20m). Timing for light duration can be adjusted from 2 seconds to 1.5 hours. Photocell sensitivity can also be fine-tuned.

Compatible with LED lights, the sensor is designed for use with round or square box mounted floodlights. It includes a standard 1/2in. threaded mount. The UL Listed 120VAC device is NEC and NEMA 3R compliant.

The 5639 series is available in Gray, White or Bronze. It is ideal for use in residential, commercial and light industrial applications.

The Bell 5639 series Weatherproof Motion Sensor Switch is available now. Find more information at www.hubbell.com. Follow the brand on [LinkedIn](#) and [Twitter](#).

About Hubbell Commercial Construction

Hubbell Commercial Construction includes five brands that provide innovative and cost-effective electrical products with superior customer service for commercial and/or residential markets. RACO creates electrical boxes, covers, and fittings. TayMac crafts "while in use" covers for outdoor electrical applications. Bell produces weatherproof boxes, covers and outdoor lighting. Wiegmann offers the most complete line of electrical enclosures for OEM, Commercial Construction, and MRO markets. Acme manufactures power conversion and conditioning equipment for industrial, commercial and OEM applications.

These historic brands are part of Hubbell Incorporated, one of the largest electrical manufacturers in North America. The company's history of innovation extends back to 1889. Founder Harvey Hubbell invented the pull chain light switch and duplex receptacle.
