Box Support Plates Simplify Overhead Installations

Save time and money!

Application

RACO box support and conduit positioning plates offer flexible options for quickly hanging electrical boxes in commercial or industrial overhead applications. **Also provides a means of positioning for conduit exiting the box.** Create a clean, organized and strong installation that saves time and materials compared to traditional suspended procedures.

Two 12" models accommodate up to 6" x 6" boxes. Larger 18" model can hold multiple 4" square boxes, or larger boxes up to 12" x 12", including our Grand Slam junction box.

Features

- Mount horizontally or vertically from a single 3/8" threaded rod
- Bendable tabs secure plate in vertical installation
- Multiple markings for easier box alignment
- Pre-punched holes for rear raceway access
- Holes and slots provide limitless options for clamp or strap installation
- Lanced feature on 9112RL for easier one-hole strap installation
- Constructed of 16 gauge galvanized steel
- cULus Listed
