FOR IMMEDIATE RELEASE

Wiegmann Introduces Stainless Steel Double Door ULTIMATE® Line

South Bend, Indiana December 3, 2019 –Wiegmann announces stainless steel versions of their recently introduced double door N412 ULTIMATE® series electrical enclosures. These enclosures protect electrical components in harsh, dirty environments. Wiegmann, part of Hubbell Commercial Construction, provides innovative electrical products to OEM, industrial and commercial markets.

These new stainless steel wall-mount enclosures feature removable, interchangeable double doors with concealed hinges. In addition, a removeable center post provides easy access to components and for installing back panels. The cULus Listed enclosures are rated NEMA 3R, 4, 4X, 12, 13 and IP66. The entire double door N412 line complements Wiegmann's *ULTIMATE* series single door products.

Additional N412 enclosure features include:

- Doors sealed with poured-in-place gaskets
- Grounding studs welded to doors and body
- Collar studs provided for mounting optional *ULTIMATE* series back panels
- 3 Point handles included

Wiegmann's versatile new enclosures are available in thirteen different sizes. Designed for use where dirt, dust, oil, water and other contaminants are present. Typical applications include municipal infrastructure, water treatment plants and other industrial or commercial facilities.

Availability of Wiegmann N412 series double door enclosures begins January 2020. Find more information at www.hubbell.com.

About Hubbell Commercial Construction

Hubbell Commercial Construction includes five brands that provide innovative and cost-effective electrical products with superior customer service for commercial and/or residential markets. RACO creates electrical boxes, covers, and fittings. TayMac crafts "while in use" covers for outdoor electrical applications. Bell produces weatherproof boxes, covers and outdoor lighting. Wiegmann offers the most complete line of electrical enclosures for OEM, Commercial Construction, and MRO markets. Acme manufactures power conversion and conditioning equipment for industrial, commercial and OEM applications.

These historic brands are part of Hubbell Incorporated, one of the largest electrical manufacturers in North America. The company's history of innovation extends back to 1889. Founder Harvey Hubbell invented the pull chain light switch and duplex receptacle.
