

DATA CENTERS

Critical Components for Power Infrastructure

in modern and next-gen AI environments

Critical Power Solutions from Grid to Chip

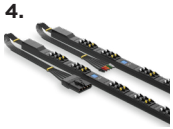

HUBBELL PREMISE WIRING | HUBBELL WIRING DEVICE-KELLEMS

High Power Solutions

1. 
Twist-Lock® Connectors

2. 
Pin & Sleeve Connectors

3. 
High Amperage Connections

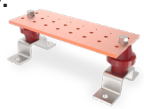

4. 
rPDUs

5. 
MPUs

6. 
Strain Relief Support Grips

BURNDY

Power Bonding & Grounding

7. 
Busbar

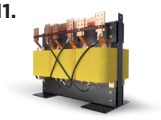

8. 
Lugs

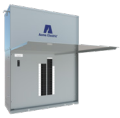

9. 
Grounding Connectors

10. 
Engineered Tooling System

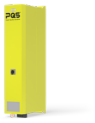

ACME ELECTRIC | PCX | POWEROHM

Power Distribution & Quality

11. 
PDU Transformer

12. 
Zone Power Center

13. 
FLX-Power™

14. 
Active Harmonic Filter

15. 
High Resistance Grounding

16. 
Neutral Grounding Resistor

HUBBELL | HUBBELL WIRING DEVICE-KELLEMS | HUBBELL PREMISE WIRING

Wire Management

17. 
Cable Cleats

18. 
Trays & Ladders

BURNDY | HUBBELL PREMISE WIRING

Server Cabinet Connectivity

19. 
Cabinets

20. 
In-Cabinet Grounding

21. 
Fiber Systems

22. 
Copper Systems

KILLARK | RACO

Construction Materials

23. 
Boxes & Fittings

24. 
Enclosures

HUBBELL POWER SYSTEMS | QUAZITE

Utility Solutions

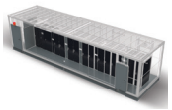

25. 
Sectionalizing Cabinet

26. 
MV Accessories

27. 
Polymer Concrete Box & Trough

PCX

Modular Data Centers

FLX-MDC™

FLX-SKD™

Discover mission-critical components from our featured brands and see what is powering the future of data infrastructure.
