Saves Time

There is no mixing, measuring, or stirring required. Simple to set up with time, labor, and money savings.

Saves Money

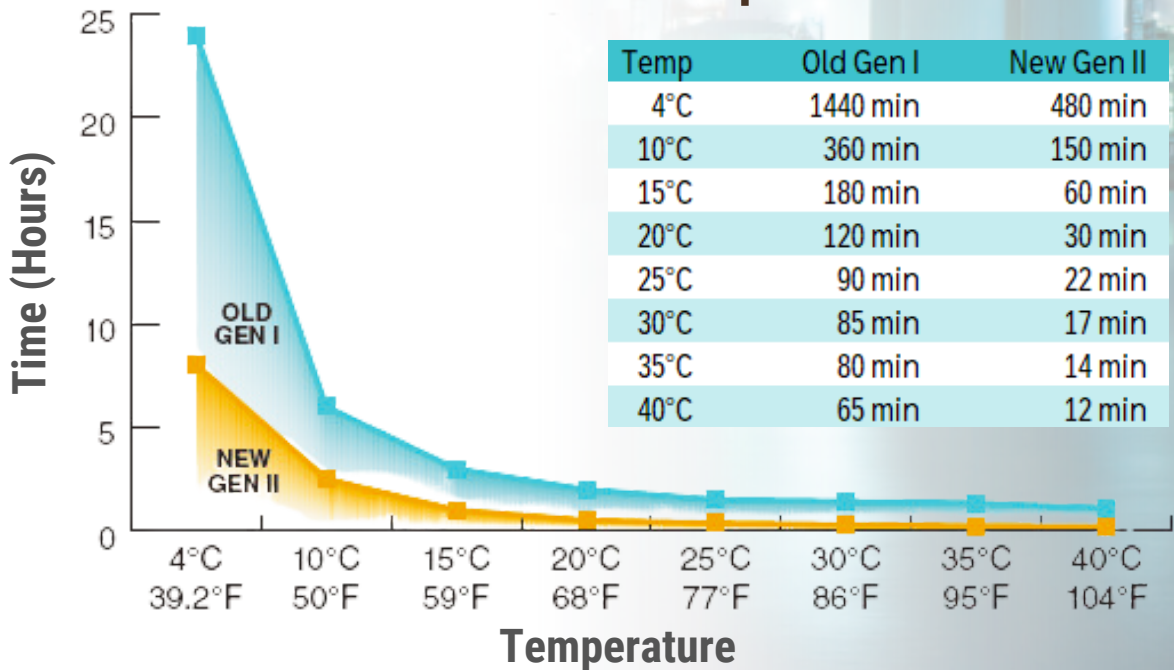

Eliminates waste as each tube is REUSABLE for up to one year – saving money and the environment!

Easy to Install

After the seal fitting is prepped, CELOX takes seconds to install. Unlike traditional methods, no messy cement or water needed.

Cure Time vs Temperature

Easy as...

*“Unlike any
sealing method
out there!”*

1 Remove the cap

2 Twist on the nozzle

3 Begin to pour!

Harsh & Hazardous

Class I, Div. 1 & 2, Groups A, B, C, D
Class II, Div. 1 & 2, Groups E, F, G
Class III

CELOX™ KQS Series is used exclusively for sealing conduit to prevent the spread of explosive gases and vapors.

- New Enhanced Formula now up to 75% faster
- Available in two sizes 50ml and 250ml
- Cures faster in colder temperatures
- 250ml fills over sixteen 1/2" seals
- Each cartridge comes with 4 static nozzles
