KILLARK®

Killark's unique Top Entry T or "TET" fitting offers a safe way to install an electrical conduit body with unimpeded access for future maintenance or expansion projects for gantry walkways. This patented design allows the access point to remain unblocked for the life of the electrical run and even allows for conductor pull for unrelated product, like light fixtures. The TET fitting is future proof and is the safest means for your electrical system.

FEATURES:

- Safer to Install for future access during maintenance
- Pull through for non-related products
- Future Proof –unable to block during expansion projects
- cULus certified and Type 4X approved
- Includes stainless steel cover and neoprene gasket

MATERIAL:

- Body 316 Stainless Steel or Aluminum
- Gasket Neoprene
- Covers/Screws

 316 SS
- Finish Natural
- Brackets 316 Stainless Steel

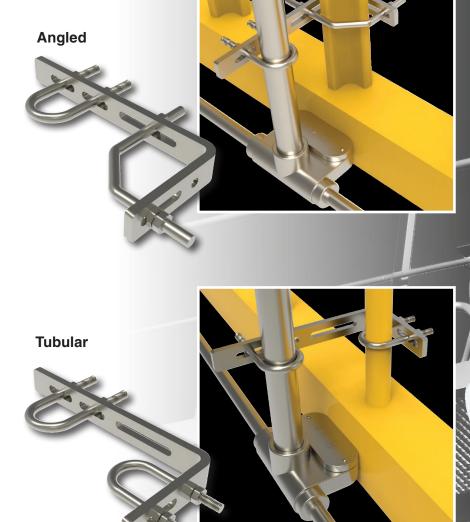

CONDUIT MOUNTING CLAMPS

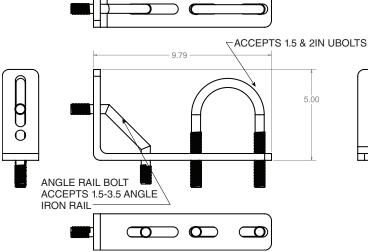

Installing the traditional T conduit body leaves the installer with impaired viewing access to pull conductors and leaves the access cover exposed for future expansions

Features:

- For Tubular and Angle Stanchion Mounting of Light Poles and Instruments for Stair and Walkway Rails
- High Vibration Installation
- Includes bolts, nuts and washers
