

# Case Study

## Dixon Correctional Institute Jackson, Louisiana

### Product

Alpha is More Than a Floodlight ... it is a revolutionary design that provides more than just architectural lighting. For safety, security, outdoor storage, car lots, and recreational sports activities, the Alpha Flood is the energy and maintenance efficient LED powered flood light to specify. Whether pole mounted, wall mounted or base plate mounted, the Alpha eliminates spill light and light trespass making it an ideal instrument for lighting commercial facilities in residential and urban settings. Additionally, the Alpha can be specified for aiming either below horizontal or above horizontal. The 6 standard NEMA beamspread options allow you to place light where you want it. Alpha IS precise. Alpha IS versatile.

**Alpha**  
High Performance LED Luminaire

### Project Summary

## About Beacon

Beacon Products is a division of Hubbell Lighting. As a pioneer in LED outdoor and indoor lighting technology, Beacon’s role within the many distinct brands of Hubbell Lighting is to provide energy efficient alternatives to the decorative outdoor lighting market. Beacon is a ‘one-stop’ resource for Architects, Landscape Architects, Engineers and Lighting Designers, providing marine-grade, copper-free cast aluminum pedestrian scale luminaires, as well as roadway, parking and area lighting luminaires, in addition to poles and ballards which meet or exceed accepted industry standards for performance and durability. Beacon also produces site furnishings and amenities in a full range of styles to complement the most demanding environments.
