

Cedar Springs

A fun take on the traditional warehouse shade, the Cedar Springs Collection features a signature gooseneck arm and a smooth, simple, metal shade. This modern collection provides excellent task lighting for reading a book in your bedroom or illuminating a doorway in your home. Dark Sky Compliant.

What are Dark Sky Fixtures?

Lighting fixtures can help protect the beauty of the nighttime sky by limiting illumination that is cast upwards.

Progress Lighting lanterns identified with the Dark Sky icon deliver this feature by providing a full-cutoff design with no light cast above the fixture and upward reflected light limited to <10% of the delivered lumens. When selecting a light bulb, choose one that is 3000K or less as recommended by international dark sky initiatives.
