¹ Not available with 50M or 50W distribution.
² Not available with other sensor or wireless control options.
³ Specify routine setting code (example GENI-04). See ENERGENI brochure and instructions for setting table options.
⁴ Photocell included with sensor, additional photocell not recommended.
⁵ Order at least one SCPREMOTE per project location to program and control.
⁶ Specify group and zone at time of order. See www.hubbell-automation.com/products/sitesync/ for more details. Order at least one SiteSync interface Accessory SWUSB or SWTAB.
⁷ Each option contains SiteSync License, GUI, and Bridge Node.
⁸ 7PR-TL shipped with shorting cap installed. Twist-lock photocell shipped with fixture. Installer must remove shorting cap and install photocell at time of installation.
⁹ Limited to applications requiring 30° tilt or less. If higher angle tilt is required use flood version with glass cover.
¹⁰ Not available on K or PT2 mountings.
¹¹ Requires 7PR-SC photocell receptacle. Include SCL/40F if occupancy sensing is required.
¹² Shorting cap, photocell, or wireless control provided by others.

DIMENSIONS

Accessories and Services (Ordered Separately)

Control Accessories	
SWUSB*	SiteSync interface software loaded on USB flash drive for use with owner supplied PC (Windows based only). Includes SiteSync license, software and USB radio bridge node.
SWTAB*	Windows tablet and SiteSync interface software. Includes tablet with preloaded software, SiteSync license and USB radio bridge node.
SWBRG*	SiteSync USB radio bridge node only. Order if a replacement is required or if an extra bridge node is requested.
SCPREMOTE	Order at least one per project location to program and control
WIR-RME-L¹⁰	wiSCAPE external control node

*When ordering SiteSync at least one of these two interface options must be ordered per project.

Accessories	
MAA-BC	Backlight Control accessory kit
