Wiring Instructions
Terminals on this device are marked as follows:

- **R** - Ring
- **T** - Tip
- **GR** - Ground

"Inside" phone cable that runs from the telephone junction block to the inlet has four wires in it. They must be connected to the inlet as follows:

- Red wire to "R" (Ring)
- Green wire to "T" (Tip)
- Yellow wire to "GR" (Ground)
- Black wire (Not used)
