IMPORTANT SAFEGUARDS

When using electrical equipment, basic safety precautions should always be followed, including the following:

- a) READ AND FOLLOW ALL SAFETY INSTRUCTIONS.
- b) Do not mount near gas or electrical heaters.
- c) Equipment should be mounted in locations and at heights where it will not readily be subjected to tampering by unauthorized personnel.
- d) The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition.
- e) CAUTION: Halogen cycle lamp(s) are used in this equipment. To avoid shattering: Do not operate lamp in excess of rated voltage, protect lamp against abrasion and scratches and against liquids when lamp is operating, dispose of the lamp with care.
- f) Halogen cycle lamps operate at high temperatures. Do not store or place flammable materials near lamp.
- g) Do not use this equipment for other than intended use.
