Our Company

Continental Industries, headquartered in Tulsa , Oklahoma , was formed in 1958 and is today a leading manufacturer of connectors for the Gas Utility, Gas & Water Distribution, Propane, Plumbing and Cathodic Protection markets. An ISO 9001 certified company, Continental Industries has manufacturing locations in Tulsa and Broken Arrow , Oklahoma. Our employees are committed to providing the best value to our customers.

Our full line of plastic and steel connector products are produced utilizing state-of-the-art injection molding machines, automatic screw machines, and CNC machining equipment. Our commitment to quality is evident in every step of our business processes. Renowned for our design and development of technologically advanced products, we provide our customers with reliable, cost-effective solutions to their "main to meter" service line installation, repair, or renewal problems.

thermOweld® , our exothermic welding materials and accessories products, provide a simple, efficient, cost effective method of permanently connecting two or more conductors utilizing a high temperature exothermic reaction between Aluminum and Copper Oxide to produce an almost pure copper weld. We manufacture all of our weld metal and molds in Oklahoma so you are certain of getting consistent, high quality products to satisfy your exothermic welding needs.

Our Vision

Simply stated, our vision is "To be a Sales and Customer Driven Company" . Our commitment to providing the best value to our customers is shared by the entire organization and is evidenced by both the number of long standing relationships we have gratefully developed over the years and the new relationships we are developing every day.

Why Use

Continental Industries is the industry leader in the manufacturing of plastic and steel mechanical fittings for the Gas & Water industry. From the Con-Stab ID Seal® to Scope®, steel saddles to HVT, quality and service is what drives us at Continental Industries.

Manufacturing fittings since 1958, Continental has the experience and confidence necessary to provide the best quality products on the market today. Continental Industries' mechanical fittings will save you both time and money and give you the peace of mind that comes with using a quality product.

Continental Industries' uses only the highest quality raw materials, engineered designs and manufacturing processes to ensure the consistent quality that makes Continental Industries' products second to none.

With regional sales offices located throughout the United States, a Continental Industries representative is only a phone call away to help with any questions you may have.

Come experience what so many other satisfied customers have experienced, the excitement and family atmosphere that is Continental Industries!

Flex Risers.....	8-10
Riser Brackets.....	11

ANODELESS METER RISERS

ADVANTAGES

- Adapter machined from solid bar stock; not welded.
- Casing is TIG welded to adapter which provides a stronger and higher quality weld joint.
- Casing wall thickness exceeds ASTM requirements.
- Every part is leak tested.
- Bending performed through roll bending as opposed to rotary bending.
- Listed with IAPMO/UPC and CSA.

ANODELESS METER RISERS

Specifications:

- Meets or exceeds all requirements for the Categorization of Mechanical Fittings within ASTM D2513 Category 1, and requirements from the Code of Federal Regulations, Title 49 part 192.281, 192.283 and 192.375.
- Meets or exceeds NFPA-58.
- Listed with IAPMO/UPC and CSA.
- Pipe Threads conform to ANSI B1.20.1.
- All Gas Carrying Steel parts meet or exceed ASTM A53.
- Casing Materials meet or exceed ASTM A 513.
- All polyethylene pipe and tubing components conform to ASTM D 2513.

National Pipe Thread
Meets ANSI B1.20.1

Primer Sealer
Urethane primer is a moisture resistant sealant.

Steel Gas Carrier
Exceeds SCH 40
ASTM A53 grade pipe.

Above ground transition fitting transfers gas from polyethylene pipe to steel nipple (100% pressure tested).

Epoxy Coated Steel Casing
Electrostatic bonded coating process provides long-term underground corrosion protection.

- **For sizes not listed, contact Continental Industries.**
- Pressure rating—Designed to meet or exceed pressure rating of PE pipe per 49 CFR Part 192 and ASTM D2513.
- Recommended accessories for Anodeless Meter Risers with Con-Stab ID Seal® Couplings;
 - Continental's Bladed Chamfering Tool. See below.
- Part numbers listed are for 2406 medium density polyethylene pipe. For part numbers with 3408 high density pipe, contact Continental Industries.
- † = CSA Approved / ‡ = IAPMO/UPC Listed

ASSEMBLY INSTRUCTIONS : ID SEAL® CON-STAB

IMPORTANT

For use on: Polyethylene gas pipe meeting the requirements of ASTM D 2513
Pressure Rating: Designed to meet or exceed pressure rating of PE pipe per 49 CFR Part 192 and ASTM D 2513
Operating Temperature: -20 to 140° F

1 Verify the stab fitting is the correct size for the polyethylene (P.E.) pipe. Verify the SDR (or wall thickness) of the pipe matches the SDR (or wall thickness) printed on the fitting label.

2 Cut pipe ends square.

3 Clean piping thoroughly to assure there is no dirt, grease or oil in assembly area.

4a Chamfer end of pipe using Continental's ID chamfering tool with ID gauge.

or

4b Chamfer end of pipe using Continental's double ended ID chamfering tool.

IMPORTANT
 CHAMFER THE
 ID OF PIPE

5 Mark the stab depth by inserting pipe into ID chamfer tool and marking the pipe at the entrance as shown.

6 If using ID chamfer tool with gauge, check for proper chamfer by inserting pipe on gauge up to the o ring. With proper chamfer, o ring will begin to enter pipe.

7 Stab pipe completely into fitting entrance.

8 Stab pipe completely into fitting so that the mark on the pipe is within 1/8" from the fitting entrance.

9 Repeat steps 1 thru 8 for all Con-Stab joints.

10 To assure proper assembly and to comply with 49 CFR 192 Subpart J—Test Requirements, the joint shall be leak tested.

Continental Can Provide For All Of Your Main To Meter Connection Needs

CONFLEX RISERS

- ConFlex Risers are designed to meet or exceed pressure rating of PE pipe per 49 CFR Part 192 and ASTM D2513..
- ConFlex Risers conform to trench depth and flex with ground movement.
- ConFlex Risers may be installed with or without meter set present.
- ConFlex Risers have a swivel feature to allow tightening the Service Head Adapter without turning the flex hose.
- Service Head Adapter design has been used in the natural gas industry since 1967.
 - The Service Head Adapter offers a simple and dependable installation method.
 - The stiffener is integral to the adapter coupling. It does not fall out. No loose components.
 - The Service Head Adapter design is listed by IAPMO and CSA.
 - Service Head Adapter meets the requirements of ASTM F 1948 and ASTM D 2513.
- ConFlex Risers meet the requirements of;
 - ASTM D 2513
 - D.O.T. Title 49 of the Code of Federal Regulations, Part 192.283 (b) and 192.375.
 - NFPA 54 & NFPA 58
 - ConFlex Risers have a moisture seal as required in NFPA 54 & NFPA 58.
 - The Flex Hose meets 300 lb tensile requirement and 1000 lb crush requirement stated in NFPA 58.
 - The Flex Hose to Service Head Adapter joint meets 300 lb tensile requirement stated in NFPA 58.
 - Liner Sleeve provided to meet requirements of NFPA 58.
- IAPMO and CSA Listed.

RISER BRACKETS

17-6133-00
6" Stand-Off

- (2) 3/8" wide x 2" long angular mounting slots
- Accommodates 1/2" thru 1 1/4" flex risers
- Powder coated finish
- Mounting hardware included

17-6134-00
9" Stand-Off

- (2) 3/8" wide x 2" long angular mounting slots
- Accommodates 1/2" thru 1 1/4" flex risers
- Powder coated finish
- Mounting hardware included

17-6134-01
9" Stand-Off

- Accommodates 1/2" thru 1 1/4" flex risers
- Powder coated finish
- Mounting hardware included

17-6135-00
Universal Riser Bracket

- Can be used for virtually any mounting situation
- Foundation, single or double remote installations
- Accommodates 1/2" thru 2" risers
- Carriage bolts supplied for ease of assembly
- Powder coated finish
- Foundation mounting hardware included
- (2) 3/8 wide x 1-5/8 straight mounting slots (Drivepost shown sold separately)
