

# AV and Power Ceiling Boxes

The AV Ceiling Enclosure is designed to house active AV devices and integrate AV distribution, data connections and power in one location, providing a direct connection to a projector or a display device. The enclosure protects and conceals your equipment and connections for a clean installation while maintaining accessibility with the hinged access doors.

## Features

- Neatly Manage A/V, power, and data requirements inside one enclosure
- Two Enclosures Sizes to Match your Required Application
- Flush mounted, white enclosure for consistent look when mounted in the ceiling
- Hinged access doors accepts field installed ceiling tiles
- Enclosures with 1-1/2" conduit hubs for projector mounting
- All steel rugged construction provides the ultimate strength for installation
