Cord Reels

inREACH™ Industrial & Weatherproof Cord Reels

Hubbell's redesigned inREACH™ Industrial and Industrial Weatherproof Cord Reels enhance user safety and maximize efficiency by managing cord and power in a safe and organized manner, while also meeting the demands of tough industrial environments.

inREACH™ Industrial and Industrial Weatherproof Cord Reels are listed to UL 355 and CSA, C22.2 No. 308 with a durable, lightweight low profile cast aluminum construction. inREACH™ reels also feature an accessory mounting bracket for quick, easy installation on any surface.

inREACH™ *No matter what your need, Hubbell will always be inREACH™!*

inREACH™ Industrial Reels are built to provide safe, convenient power for demanding commercial and industrial applications and environments. These reels feature a 250V rating and can be ceiling, wall or bench mounted.

They are available with incandescent, fluorescent or LED hand lamps, as well as a variety of Hubbell 15 and 20 amp connectors and portable outlet boxes.

inREACH™ Industrial Weatherproof Reels are made for outdoor and washdown environments, with a 600V rating and UL Type 4 enclosure rating. They are designed for use with 15, 20 and 30 amp industrial products, such as portable outlet boxes, Insulgrip® and Twist-Lock® devices.

inREACH™ Industrial & Industrial Weatherproof Cord Reels

- Durable, corrosion resistant cast aluminum construction
- Yellow, white, or black powder coat finish
- Movable guide arm can be mounted in two positions
- Positive latch mechanism automatically maintains desired cord length
- Ratchet lock can be disengaged in field for constant tension applications
- 16-6AWG cord for greater current carrying capacity

inREACH™ Industrial Cord Reels

- UL Type 1
- 250V AC, SJO Type Cable
- Plug-in 5ft long power cord requires no electrical wiring

**inREACH™ Industrial Weatherproof Cord Reels**

- UL Type 4
- 600V AC, SOW Type Cable
- NPT conduit hub

EDUCATION
MRO

inREACH™ Mounting Bracket

The inREACH™ mounting bracket allows you to decrease or eliminate the additional labor associated with installing reels at the end of the job.

Labor Savings are inREACH™!

The inREACH mountings bracket can be installed during the earlier stages of the project, allowing for trim out of the cord reel at a fraction of the time and labor.

STEP 1

Secure the inREACH™ mounting bracket during the rough-in process.

STEP 2

Remove two hex bolts from the bracket. Slide the reel into the bracket.

STEP 3

Replace two hex bolts and secure screws to complete the job.

inREACH™ Plenum Rated Enclosure

Hubbell's inREACH™ plenum rated enclosure is the first of its kind, allowing customers to securely mount cord reels in drop ceilings, while isolating them from the plenum space. These enclosures are listed to UL2416, making them compliant with plenum requirements per the NEC.

BEFORE

AFTER

The plenum enclosure is easily secured to the building structure using threaded rods.

Install almost any Hubbell inREACH cord reel using factory provided hardware and included 4 in. sq. electrical box.

Greatly improve aesthetics while maintaining code compliance.

Heavy Duty Industrial Weatherproof Cord Reels

Heavy Duty Industrial Weatherproof Reels are made for the most abusive and demanding environments, with a 600V rating and UL Type 4 enclosure rating. They are designed for use with 15, 20, and 30 amp industrial products such as portable outlet boxes, Insulgrip® and Twist-Lock® devices and pendant push-button stations.

Heavy Duty Industrial Weatherproof Cord Reels

- Powder coated, solid US steel construction
- Ratchet lock can be disengaged in field for constant tension application
- UL Type 4 enclosure protects spring motor, junction box, slip ring assembly and cable entrance from hosedown and corrosion
- Not supplied with end effectors
- 3/4 NPT conduit hub

GOVERNMENT

Medical Cord Reels

inREACH Medical Cord Reels provide safe and convenient power designed specifically for medical facilities. Hospital Grade plugs and receptacles provide the most reliable performance in demanding medical applications. The all-white construction complies with sanitary practices by making contamination more visible and easier to clean.

Features

- A cast aluminum housing withstands corrosive environments
- Hospital grade, tamper-resistant receptacles provide four plug-in points, and a fully-illuminated LED face clearly indicates available power
- An optional inline GFCI module provides Class A ground fault protection even when the neutral conductor is compromised

Commercial Cord Reels

Commercial Cord Reels are designed for the less demanding requirements of commercial and light industrial environments. UL Listed, these reels feature a steel or non-metallic construction and a 125V rating with SJT type cord to provide power and lighting for all your needs.

Steel Commercial Cord Reels

- Compact, durable steel construction
- Flexible mounting options for ceiling, wall or bench
- Automatic ratchet lock maintains desired cord length and easy, smooth retraction

Non-Metallic Commercial Cord Reels

- Durable lightweight non-metallic housing
- 40 ft of 12/3 cord for greater current carrying capacity
- Triple tap outlet with supplemental overcurrent protection

RETAIL

BIG BOX STORE

AUTOMOTIVE REPAIR

Air/Water Hose Reels

Air/Water Hose Reels are highly versatile and ideal for tight spaces. The full flow shafts and swivels assure maximum product delivery.

Air/Water Hose Reels

- Constructed of rugged steel with baked polyester finish components
- Multi-position four roller guide and adjustable hose stop
- Spring rewind and ratchet lock

Static Discharge Reels

Static Discharge Reel ground portable equipment operating in hazardous environments. When properly clamped to ground, the static discharge reel will prevent the build up of static electricity and reduce the chance of sparking, which may cause an explosion.

Static Discharge Reels

- Steel housing construction available with steel or nylon coated steel cable
- Compact design minimizes required installation space
- Large grounding jaw clamp provides low resistance ground termination
