

Put stylish power where you want it

ParkPost™ outdoor enclosure

Contractors can help homeowners enjoy free-standing power wherever they want in residential yards and outdoor living spaces. The demand for upmarket outdoor living is growing and the ParkPost enclosure delivers convenient access. The first of its kind slide cover design hides and protects plugs.

Features

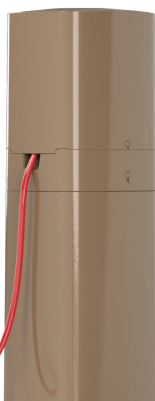

- Ideal for prominent locations rather than hidden away like typical outdoor boxes & covers
- Accommodates two power cords including most 16-gauge grounded extension cords
- Fits standard duplex, decorator, GFCI, or single round receptacle with included adapters
- NEMA 3R wet location rated
- Available in Gray, White or Bronze

Applications

Provide electrical power “behind the fence” near patios, spas, outdoor kitchens, shade structures, or fire pits at single family residences. Or rental properties wanting to attract tenants with unique features.

Gray

Optional covers

Easily replace the standard cover with Bluetooth® speaker, dimmable LED area light, pagoda light, or directional spotlight. Unique electrical contacts provide power to the cover with no additional wiring. Premium slide covers available 2025.

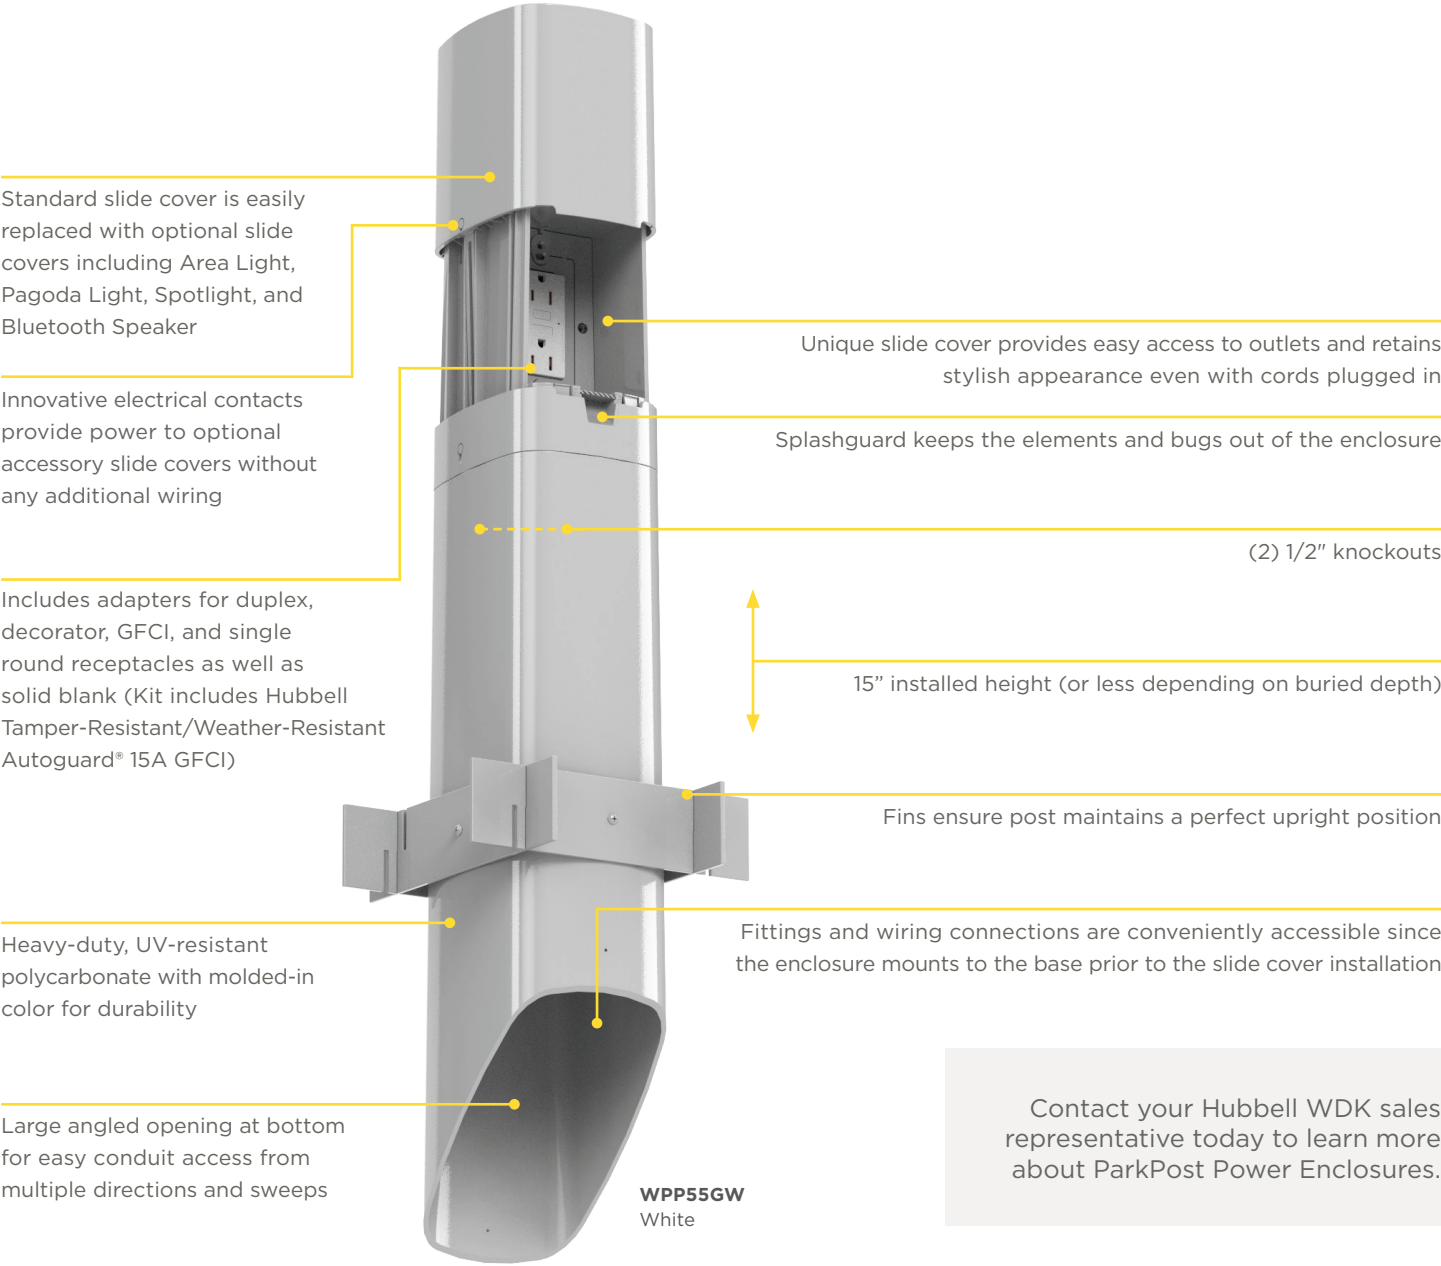

Attractive durability

Color is molded into the heavy-duty, UV-resistant polycarbonate for enhanced durability

ParkPost™ Free-standing outdoor enclosure
