GAI-TRONICS' 234FSP RED ALERT Pedestal is part of a completely integrated emergency communications station. Designed for use where height is truly a factor, the FS series unit provides solutions to security concerns for:

- Parking Garages
- Building Entrances
- Parking Lots
- Transit Platforms
- Shopping Malls
- Gate Entry
- Walkpaths

At only 56 inches tall, the 234FSP Pedestal is ideal for use in covered areas (platforms, ceilings, overhangs, etc) or where a lower height is more aesthetically appealing.

\* Ref.: • **AASHTO LTS6 Risk Category II**  
• **International Building Code**
