

## ALUMINUM AND COPPER

## **Pad Extensions**

## Types FPX-2S and CFPX-2S

Adapters provide the means to connect virtually any required number of conductors to a transformer using NEMA two-hole terminal lugs.

Stacking type terminal lugs can also be used where more conductor connections are required than available mounting positions.

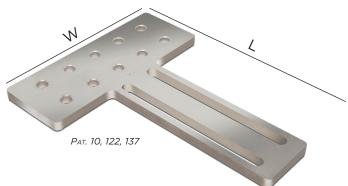

Slotted rails allow for adjustable height for easy transformer reconnection/ replacement.

Stacking type terminal lugs can also be used where more conductor connections are required than available mounting positions.

Tin plated.

Voltage: Aluminum - 1050A, Copper - 1500A

## **Ordering and Specification Information**

| <b>Catalogue Number</b> | W   | L     | Pad Thickness | <b>Hole Diameter</b> | Number of Holes | Material         |
|-------------------------|-----|-------|---------------|----------------------|-----------------|------------------|
| FPX-6-2S-50T            | 6"  | 12.75 | .50           | .56                  | 6               | 6061-T6 Aluminum |
| FPX-8-2S-50T            | 8"  | 12.75 | .50           | .56                  | 8               | 6061-T6 Aluminum |
| FPX-10-2S-50T           | 10" | 12.75 | .50           | .56                  | 10              | 6061-T6 Aluminum |
| FPX-12-2S-50T           | 10" | 18.75 | .50           | .56                  | 12              | 6061-T6 Aluminum |
| CFPX-6-2S-50T           | 6"  | 12.75 | .50           | .56                  | 6               | C110 Copper      |
| CFPX-8-2S-50T           | 8"  | 12.75 | .50           | .56                  | 8               | C110 Copper      |
| CFPX-10-2S-50T          | 10" | 12.75 | .50           | .56                  | 10              | C110 Copper      |
| CFPX-12-2S-50T          | 10" | 12.75 | .50           | .56                  | 12              | C110 Copper      |
