FIBERHUBB™

Let Hubbell Be Your Fiber Connection

Fiber Wall Mount Enclosures

Our line of Wall Mount fiber distribution units are designed to support patching and splicing in one unit. The enclosures have panel positions, allowing for a wide variety of fiber termination connector types, including splice cassettes, fiber adapter panels and LGX compatible adapter plates.

Two compartments separate the network terminations from the distribution terminations.

All Products are TAA/GSA Compliant

FCW Series Double Door Enclosures
