

OIL-FREE PRC BUSHINGS

WITH THE SAME GREAT, LONG-LASTING PERFORMANCE YOU'VE COME TO EXPECT

- Available for voltage classes from 15kV through 69kV and are fully interchangeable between transformer and oil circuit breaker applications.
- Meets the required porcelain strike distances to meet the ANSI/IEEE electrical requirements up through 10,000 feet above sea level.
- Can be mounted at any angle without the use of external oil reservoirs.
- PCORE's PRC Quick-Link bushing designs are also available in an "Oil-Free" PRC design.
