

# COLD SHRINK TERMINATION KITS

For a stress free beginning to your underground cable run, use the new Hubbell termination kits.

## PRODUCT LINE EXPANSION

Hubbell Power Systems, Inc is expanding its product offering to now include 15kV, 28kV, and 35kV Termination Kits. This new offering provides a solution for terminating outdoor, medium voltage, solid dielectric cables. Integrated mastic and High-K mastic stress control reduces installation errors and steps.

## FEATURES AND BENEFITS

- Accommodates #2 - 1500KCMIL 5kV-35kV cables
- Ground kits available
- Terminations meet or exceed the requirements of the IEEE Std. 48 Class 1
- Kits include stem connectors or NEMA two-hole lugs
- Easy pull ripcord
