

Precast Collars for Instant Foundations®

NEVER POUR CONCRETE AGAIN!

Enhance the appearance and functionality of your streetlight installations with Chance Precast Collars—a durable, ready-made solution designed to pair seamlessly with Chance Instant Foundations.

Instant Foundations are pre-engineered helical piles for above- and at-grade mounting of lighting poles, eliminating the need for poured concrete and helping contractors complete installation faster.

For optimal performance and appearance, specify Chance Instant Foundations together with Precast Collars to achieve a high-strength structural support system with a clean, architectural-grade finish.

Catalog #	Collar Size (Diameter x Height)	Foundation Baseplate Dimensions (Length x Width)
C1123161GRY	24" x 6"	12" x 12"
C1122611GRY	24" x 12"	12" x 12"
C1122610GRY	24" x 24"	12" x 12"
C1122612GRY	24" x 36"	12" x 12"

*Catalog numbers listed are for gray collars, as pictured. Other colors available upon request.

CHANCE ADVANTAGES

- Quick setup – Drop the collar onto the foundation base and mount the pole with no forming or finishing
- No curing delays – Install and move on with the job immediately
- All-weather installation – Keep projects moving regardless of conditions
- Consistent, professional appearance – Pre-cast finish delivers a clean, uniform look every time
- Green-friendly - Relocate & Reuse
- Cost efficiency – **Save 10-25% over Concrete***

*Depending on local labor rates

ONE TRIP TO THE JOB SITE. ONE MANUFACTURER. ONE SIMPLE SOLUTION.
