

OPTI-LOOP™

FOS

PLASTIC FIBER OPTIC STORAGE SYSTEM

The plastic Opti-Loop™ FOS for strand and messenger mounted cable is available in a variety of sizes. They provide a convenient, economically priced and industry approved method of storing extra length of fiber optic cable.

DESIGN FEATURES AND BENEFITS

- Utilizes self-aligning tap brackets.
- Requires only one tool for installation.
- No "fishing" tie wraps through holes or slots.
- Can be stacked if necessary.
- Contains 2% carbon black as a UV inhibitor
- Cut away channel creates a smoother transition to messenger.
- Minimal surface area minimizes stress and ice loading.
