

# 600 AMP LOADBREAK SECTIONALIZING CABINET

## THE OBVIOUS FIBERGLASS SOLUTION

Hubbell Power Systems offers the first fiberglass sectionalizing cabinet for use with 600 Amp loadbreak connector systems.\*

### BENEFITS

- Abundant interior space allows for multiple crew members to work at eye level
- Standoff parking stands allow for unobstructed use of loadbreak standoff bushings
- Cut-away sides and fully pivoting cover provide unobstructed access to elbows and connectors

\*Connector System not included
