

## EPOXIGLAS® BOND KIT

## **NEW & IMPROVED**

Hubbell Power Systems, Inc. introduces an easier and more efficient way to package and use the Chance<sup>®</sup> Orange Epoxy Bond Kit. The kit can be used to repair small surface ruptures on Epoxiglas poles, install new ferrules on Epoxiglas poles, and assist in replacing rungs on Epoxiglas ladders.

With our improved packaging there is no more struggling to match amounts out of old tubes. Simply roll Part "A" Resin into Part "B" Hardener and mix together for the correct blend.

## FEATURES

- Eliminates leaky tubes, dried up tubes and dried on caps
- Reduces waste
- Proper mixture everytime

Hubbell has a policy of continuous product improvement. Please visit hubbellpowersystems.com to confirm current design specifications SF\_09\_054\_E
