

EXPERIENCE THE CONNECTED LIFESTYLE

EXPERIENCE THE CONNECTED LIFESTYLE

A truly smart home does more than just connect you; it works for you. With iDevices' advanced smart home products integrated into your living space, you'll experience everything the connected lifestyle has to offer — comfort, convenience and security in all aspects of your life.

THE IDEVICES CONNECTED APP

Everything you love about your home,
in one app.®

Designed from the perspective of the user, the iDevices Connected app provides simple navigation that feels just like moving through your home. Control and schedule your iDevices products with any iOS or Android™ device, and enjoy the flexibility of using your voice through Siri®, Amazon Alexa or the Google Assistant.

AUTOMATE YOUR ROUTINE

GOOD MORNING | *Monday, 6:00 am*

Imagine waking up every morning to a bright home at the perfect temperature. In an iDevices connected home, you can automate your morning routine to save both time and energy.

POPULAR ACCESSORIES

HEADING OUT | *Wednesday, 8:15 am*

Your home can sense your presence, meaning you can set your lights, appliances, heating and air conditioning to automatically turn off as soon as you leave your home.

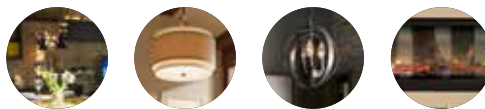

POPULAR ACCESSORIES

DINNER PARTY | *Friday, 7:00 pm*

Entertaining is effortless in a connected home. Set the scene with automated lighting that turns on when you sit down for a glass of wine and dims with a voice command when dinner is served.

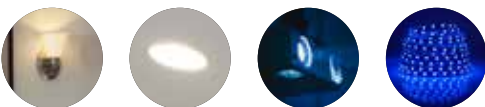

POPULAR ACCESSORIES

MOVIE TIME | *Saturday, 9:00 pm*

Let your home take care of you after a busy week. Get together with family and friends for a movie and set the perfect ambiance with a simple voice command to Siri®, Alexa or the Google Assistant.
