

## Powered Seating Boxes *Convenient Charging Stations*

Hubbell's On-the-Go Powered Seating Boxes fulfill customers' need for power accessibility. As the use of electronic devices has increased, the demand for charging has followed. Powered Seating Boxes provide an easy means of charging user's devices while meeting custom space requirements. Seating boxes can easily be attached to waiting area seating arrangements, conference tables, lecture halls, anywhere convenient power is needed.

### Features

- Fast charging speeds delivering up to 5 Amps of 5 volt DC USB charging power
- Green power LED provides visual indication of power to the devices
- Push to reset circuit breaker—trip electronically and reset manually
- Smooth insertion tamper-resistant devices provide an extra level of safety to your customers
- Overcurrent protection—12 Amp string and 5 Amp AC output individual module protection
- Security Torx-screw minimizes the potential for customers to open or tamper with units
- Hardwired permanently connected power and interconnecting cords
- Available with heavy-gauge durable powder coated steel mounting bracket
- Rugged satin aluminum construction body with impact-resistant polycarbonate end caps

Make any furniture or seating area into a convenient charging station

Parallel module wiring keeping individual seating boxes from losing power up and downstream

Available with up to 4 boxes per unit

Powered Seating Boxes are available in convenient bracketed configurations that easily attach to any flat surface. Unbracketed configurations are also available and can be used to create a unique custom power delivery system.
