

Gas Connectors & Accessories

Dependability + Flexibility = Peace of Mind

Sometimes The Simplest Equations Give The Greatest Rewards.

The ability to flex production between multiple manufacturing locations could be the difference between being able to serve your customers or not. With three facilities able to manufacture, weld, assemble and coat product, HGCA stands alone in being able to provide that flexibility and peace of mind that comes with knowing we have you covered.

- LYCOFIT® and Con-Stab ID Seal® Mechanical Fittings
- Residential, Commercial and Industrial Meter Set Assemblies
- Anodeless, Flex, Transition and Compression Risers
- Residential, Commercial and Industrial Meter Manifolds
