

KILLARK®

EZ Seal

Next Generation of
Hazardous-Rated Seal Fittings

PRODUCT BATTLECARD

- ✓ Uniform look for simple setup
- ✓ Reduced installation time
- ✓ Retrofittable

Key Messages

- Symmetrical and uniform design allows for a quicker installation due to immediate connection to the conduit – no more lining up pouring spouts
- Minimal turn radius offering optimized spacing for both enclosures and conduit
- 360° unimpeded access to potting chamber allowing simplified compound pouring
- Pre-installed disc brush damming technology to drastically reduce packing fiber and installation time
- Certified to both fast curing two-part epoxy resin, CELOX, and the traditional SC sealing compound
- Red Plastic snap ring to indicate when seal has been poured and not poured
- Retrofittable in case the need to rerun wires occur

Differentiators

- Fastest installation on the market
- Fully inspectable for safe pouring
- Improve spacing
- Save money with quick pouring

Target Application

- Hazardous conduit runs
- Minimize the passage of hazardous gases
- Changing from classified areas to non-classified areas

Target Markets

- Gas Stations
- Wastewater Treatment
- Petro-Chemical Plants
- LNG Plants
- Agricultural Process Facilities
- Mid/Up Stream Oil & Gas
