UNIRAP™

WIS

WBS

WIPC

Products are tested to UL 1565 & CSA C22.2 No. 18.5-13, US/Canadian standards for safety Positioning Device.

WIRE MANAGEMENT PRODUCTS-FEATURES

ACME CABLE CLIPS-SOLUTIONS

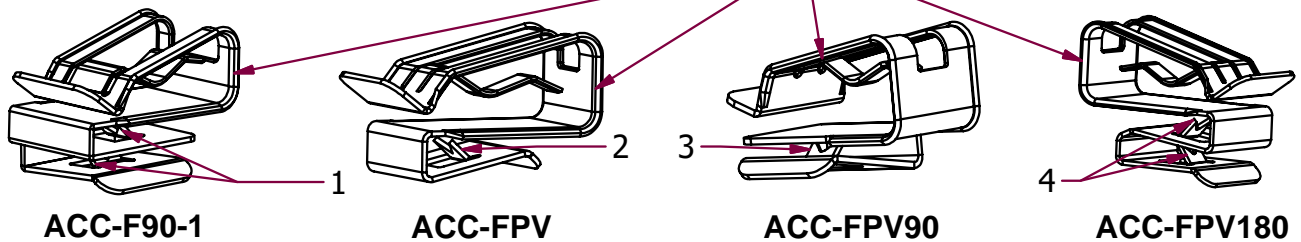

Engineered for high-quality wire management solutions, Wiley Cable Clips simplify wire management and lead to safer and more reliable wiring of the solar PV array.

The clips are made of corrosion resistant 304 stainless steel, which makes them a durable, long lasting and reliable solution for all environments.

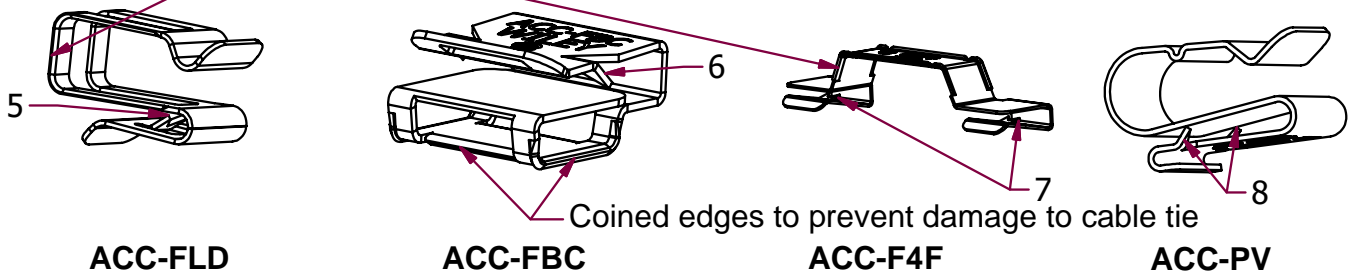

Wiley Cable Clips are designed for easy installation with no tool required and they are reusable.

Custom designs are available upon request. For more information regarding module compatibility, please see the technical documents section of our website.

Coined edges to prevent damage to cable insulation

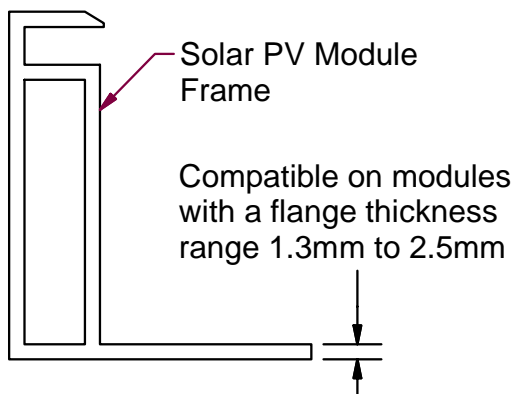

Coined edges to prevent damage to cable insulation

*The above mentioned 1, 2, 3, 4, 5, 6, 7 and 8 are special tabs for easy installation and removal.

ACME CABLE CLIPS-COMPATIBILITY

Note:

Application: Module frame flange mounting

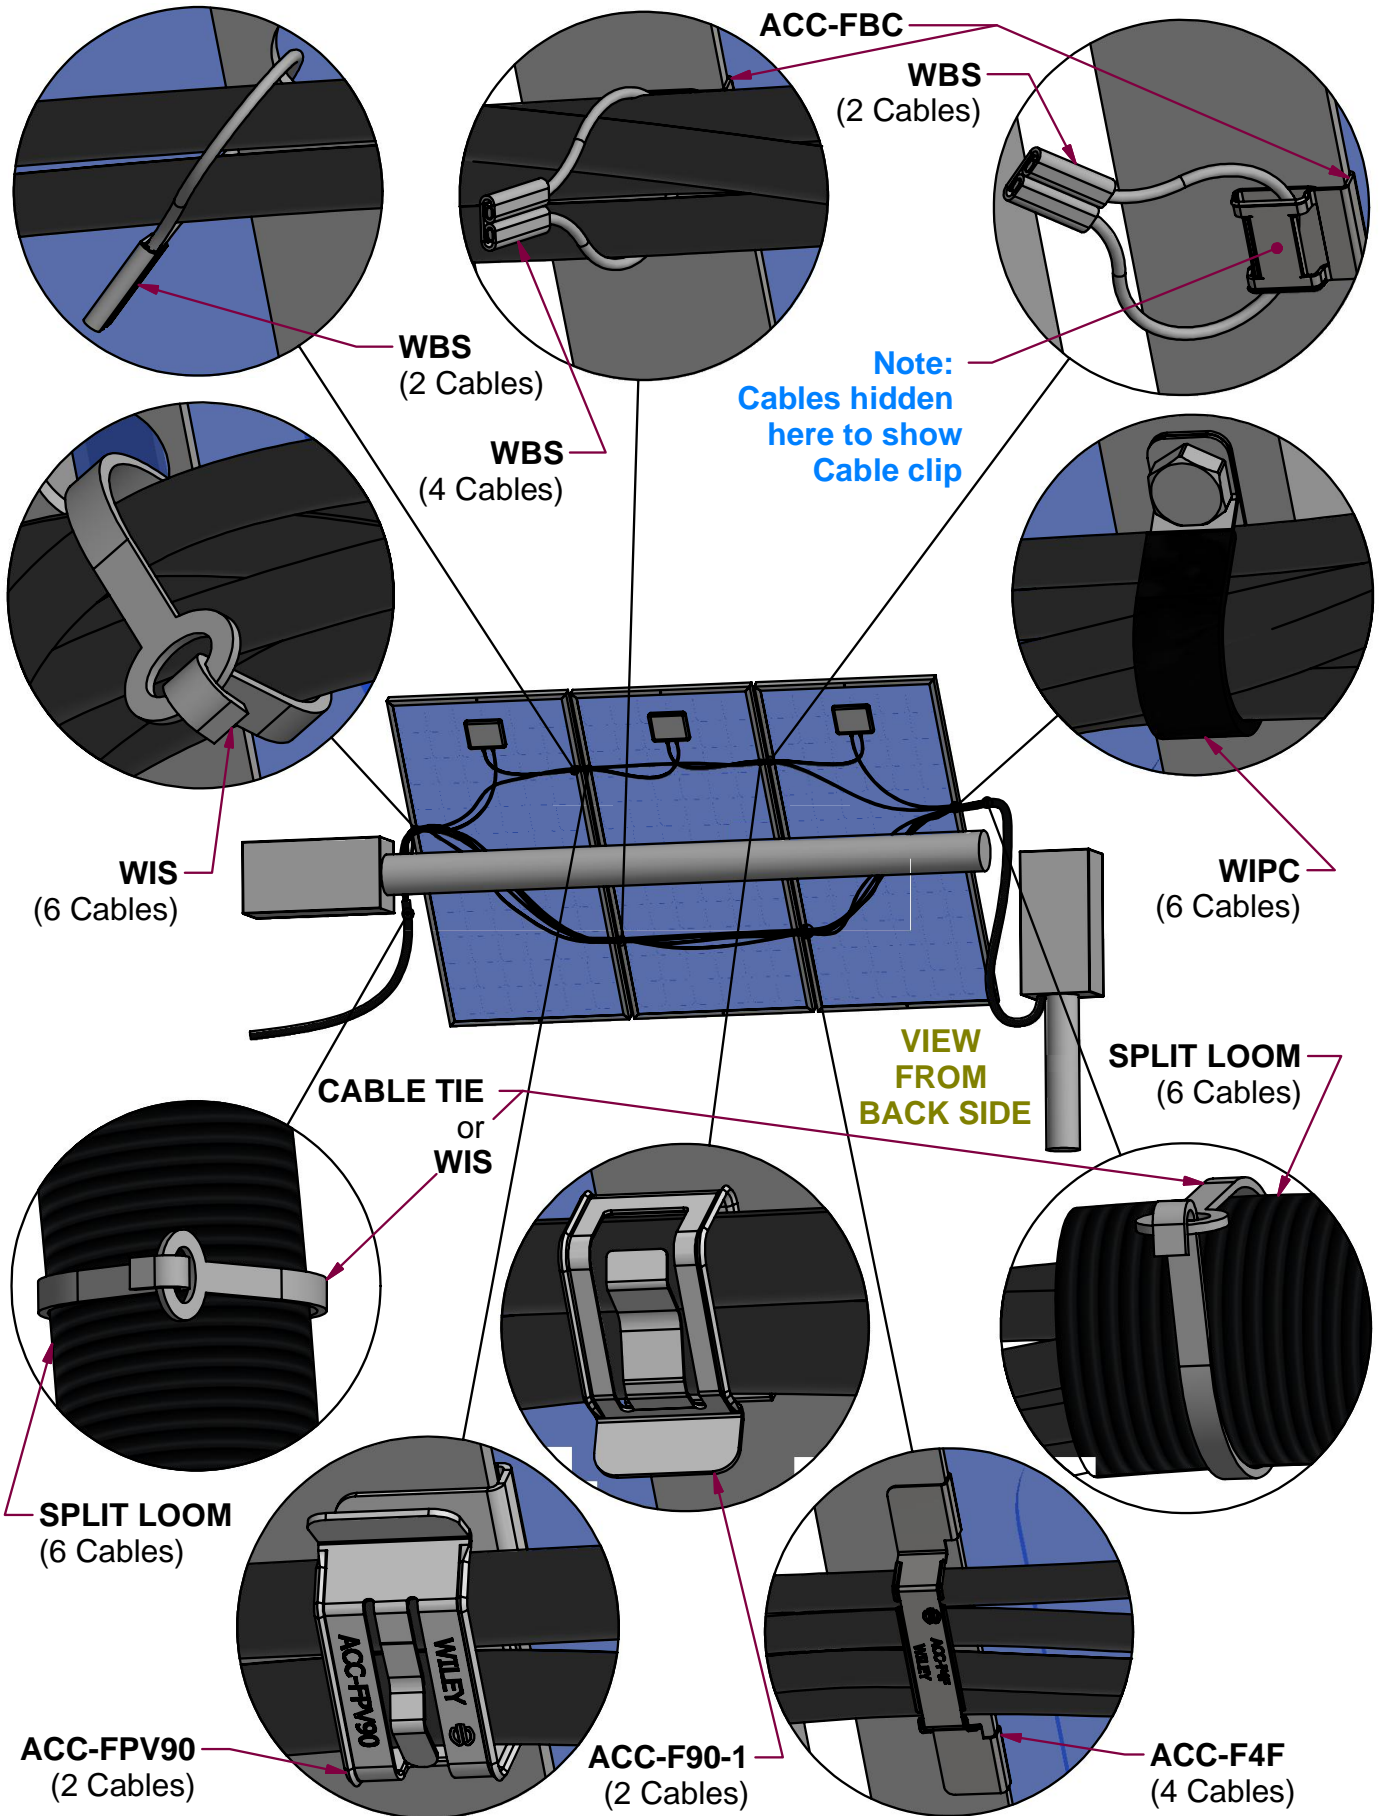

CABLE TIES (WIS, WBS, WIPC & UNIRAP)

For information regarding Wiley cable ties, please see the technical documents section of our website.
