

Festoon Grounding System

Grounding in Motion

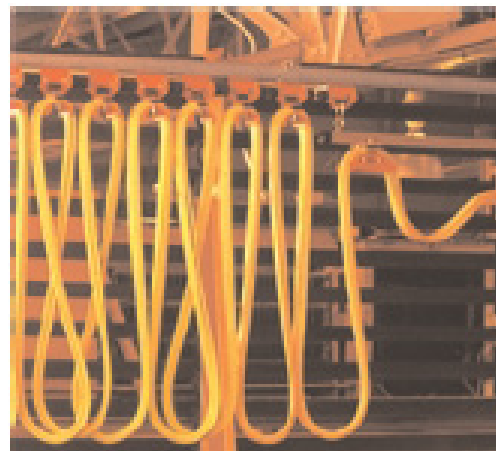

Introduction

BURNDY® is pleased to introduce our new festoon grounding systems. These systems include the tracks, hardware, axles and wheels needed to create a quality, “active” grounding system designed to stand the tests of time. With these festoon systems, your valuable conductor is elevated and managed to protect from things like pinch points and theft. BURNDY offers festoon systems in a variety of lengths and can assist in determining the right fit for your specific needs.

Kit includes - C-Rail, Coupler Hangers, Tow and Intermediate Trolleys, End Stop, End Caps and Mounting Clamps*.

The BURNDY Festoon System is another solution within The Grounding Superstore™.

* Grounding cable and connectors not included.

Example of cable and trolleys in a retracted state.
