

WIREMIKE™ CI

We are pleased to announce the introduction of the WIREMIKECI.

WIREMIKE™ CI

We are pleased to announce the introduction of the WIREMIKECI, the latest addition to our line of WIREMIKE™ product line.

With its compact size it is easily accessible and can confirm any finished crimp when using butting “U” dies crimped with BURNDY 750, 46, 39, and 35 series of installation tools. This tool is used in a variety of applications when verifying the size of stranded, solid, and DLO (Diesel Locomotive) wire for Copper and Concentric and Compact wire for Aluminum.
