COMPANY**

## Company Overview

CMC® was established in the early 1940s and was acquired by Hubbell in 2013. CMC has a history of industry renowned customer and technical service, along with a reputation of engineering excellence, quality, and reliability.

We serve the utility and OEM markets – Selling to the utility market almost exclusively through select distributors.

Based in Hamilton, Ohio, CMC has three primary sites that total more than 285,000 square feet of production, warehouse, and office facilities with manufacturing facilities in:

- Hamilton, Ohio
- Greenville, Alabama
- Juarez, Mexico

Hubbell Incorporated was founded in 1888 and has grown into an international manufacturer of quality electrical, lighting and power solutions with more than 75 brands used and recognized around the world. An early, and one of many patents awarded, by our founder, Harvey Hubbell, came for the creation of the first practical method to control electricity through the pull chain socket that remains unchanged today. As a market leader in reliable, electrical solutions, we provide more than half a million products delivered through our various business groups.

## Company Profile

When we opened our doors nearly 80 years ago, we had a staff of 3. We have grown to nearly 500 employees with 3 large manufacturing plants in three cities.

CMC is a dynamic company known for its casual, team-oriented work environment. We provide opportunities for career growth and advancement to employees at all levels. In addition, CMC offers excellent benefits and highly competitive salaries.

Our U.S. corporate headquarters is located in Hamilton, Ohio with a large facility also located in Greenville, Alabama. In both cities, our employees enjoy the best of city life, a hometown feel, and the great outdoors. Both are located near live music, fine dining, and an exciting night life. Of course, if you prefer the outdoors, both cities offer a wonderful playground with rivers and lakes.

If you're looking for a career at an extraordinary company in a great area, Connector Manufacturing is the place for you!
