A photograph of a modern, multi-story glass skyscraper with a grid-like facade, set against a clear blue sky. The building is the central focus of the image. In the foreground, there are some trees and a paved area.

The Power of IP Based Control & Communication

Scalable modular solutions
for your business needs.

The Ideal Solution for Business Campuses

One IP System. Multiple Capabilities.

Communicate

- ✓ SIP Telephone
- ✓ Serverless Audio/Video Intercom
- ✓ Multi-zone Alarms
- ✓ Speaker Broadcasting
- ✓ WiFi & Bluetooth Connectivity
- ✓ Customisable Digital Screen

Protect

- ✓ Gate/Door Entry Access Control
- ✓ Refuge Areas & Assistance
- ✓ Video Monitoring

Control

- ✓ Web Portal Access
- ✓ Input/Output Contacts

Entry Points

Identify visitors, audio/video intercom and security access

Lifts

Audio/Video, access emergency phones for immediate assistance

Offices, Hallways & Meeting Rooms

Communicate via phone office to office, office to hallways, office to meeting rooms, building to building, and day to day communications

Campus Grounds & Car Parks

Access emergency phones & towers for immediate assistance

Security

Control room for video monitoring, access control, phone system monitoring,

Maintenance

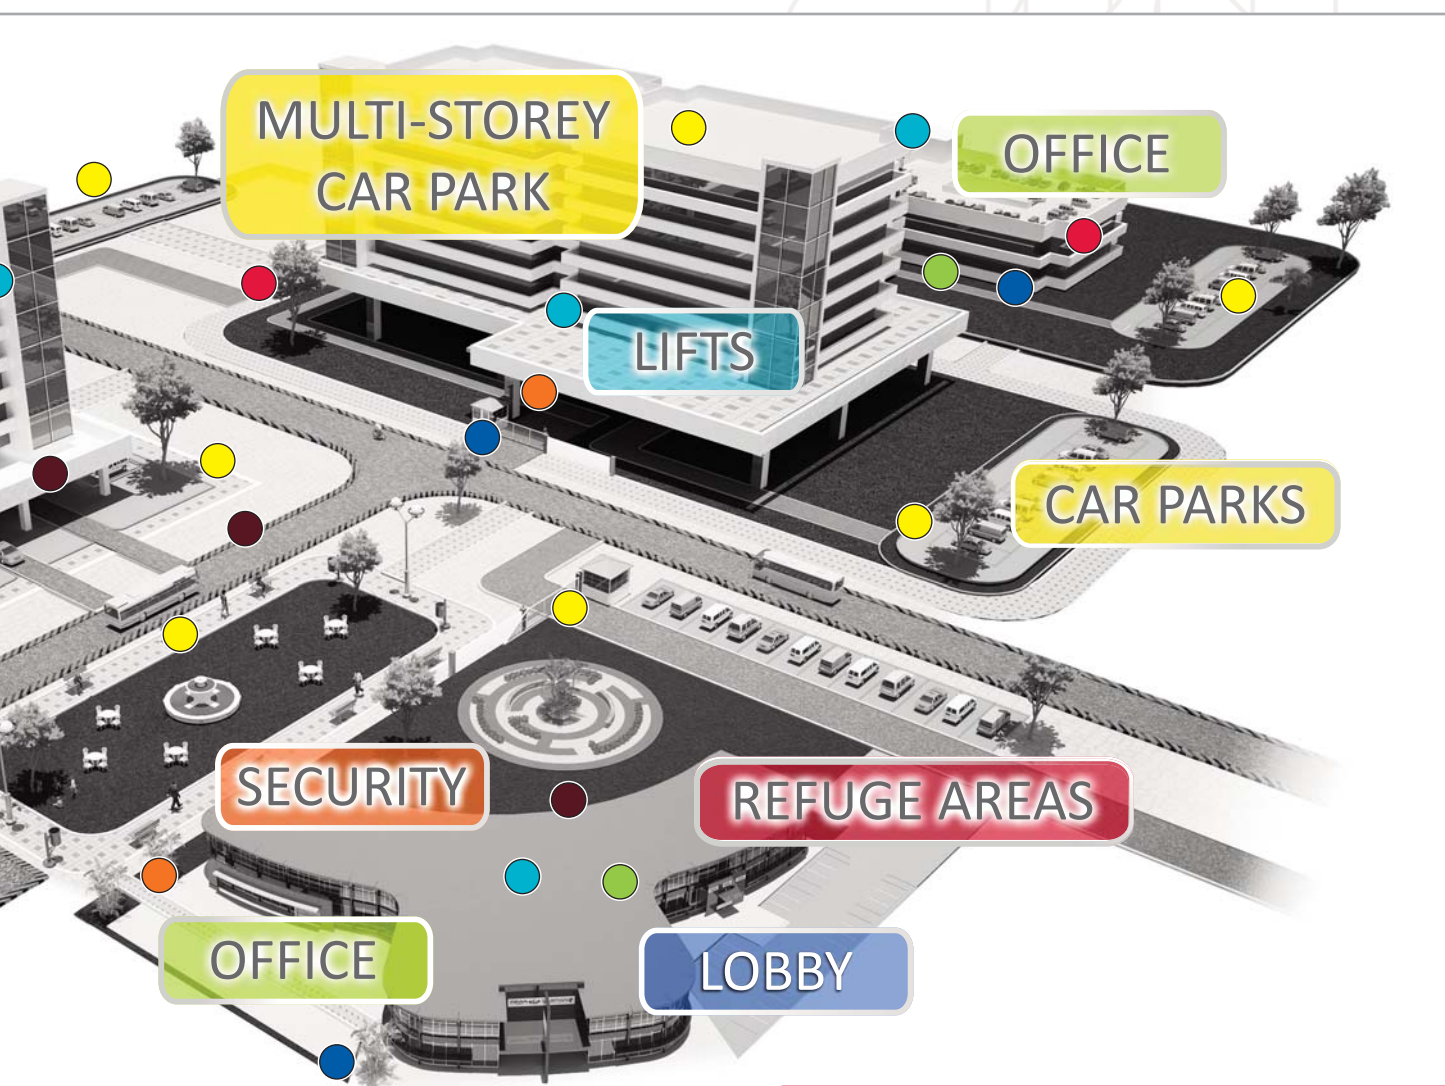

Communicate via hands-free or handset phones to other buildings

OFFICE

CAMPUS GROUNDS

Providing systems, products, and services of the highest reliability for more than 70 years.

Refuge Areas & Assistance

Audio/Video, access for emergency and immediate assistance

DESIGN | CUSTOMISE

HUBBCOM™ IP DEVICES

Multi-function IP endpoint. Available in desktop and flush-mount options.

Models

- GSC1100 Desktop/Wall-mount with handset*
- GSC2100 Desktop/Wall-mount hands-free*
- GSC3100 Flush-mount with handset*
- GSC4100 Flush-mount hands-free*

DISABILITY-FRIENDLY VANDAL & RESISTANT HELP POINTS

Models

- 116-02-0022-102 DDA Help Point, 2 Button, VoIP-SIP*
- 116-02-0013-001 VR Help Point, 3 Button, VoIP-SIP*
- 114-02-055G-009 Sentinel, 16 Button, VoIP-SIP*
- 122-02-0012-11W PHP400 Help Point, 2 Button, VoIP-SIP
- 100-02-0257-003 DDA Rear Enclosure, gloss yellow
- 100-02-0082-001 Mounting Post, 1.57m, Grey
- 100-02-0697-001 Mounting Post for PHP400

*Faceplate Only. Rear enclosures available.

COMMANDER & TITAN TELEPHONES

Models

- 115-02-001J-112 Commander, Handset, 18 Button, VoIP
- 114-02-001J-122 Titan, Handset, 18 Button, VoIP
- 100-02-0082-001 Mounting Post, 1.57m, Grey
- 100-02-0082-002 Mounting Post, 1.57m, Yellow

SPEAKERS

Ceiling or horn options available.

Models

- HP30-8 Indoor/Outdoor Horn Speaker (for HUBBCOM™ IP Devices)
- B650-8 Indoor Ceiling Speaker (for HUBBCOM™ IP Devices)

and other button configurations.**

CASE STUDY

BUSINESS CAMPUS CASE STUDY

A sprawling business campus in a suburban area required a combination of security and communications for their offices, warehouse and production facilities. With multiple entrances and a large car park, it was necessary to install security measures that ensured the safety of all employees and visitors. Inside, communications between the noisy production facility, large warehouse and multi-story office building needed to be improved and streamlined. The campus-wide communications solution needed to be reliable and economical.

SOLUTION

On campus grounds, Help Points were installed to increase safety, as well as a HUBBCOM™ deskset in the reception area for visitor use. In both the production and warehouse areas of the business campus, a combination of HUBBCOM™ RCS units and HUBBCOM™ devices were installed to allow point-to-point communication, as well as an IP alarm generator to broadcast announcements and alerts such as fire or weather alerts. In shared spaces like the employee canteen and conference rooms, where both form and function are important, HUBBCOM™ devices were installed. Speakers were also installed strategically throughout the facility so that announcements were able to be heard in every location.
