

# Surface-mount Enclosures

Model 238 Series and Model 236 Series

GAI-TRONICS offers a variety of enclosures designed to permit surface mounting of our \*\*flush-mount RED ALERT® and Industrial Telephones. These enclosures provide weather-proof protection for the telephone electronics and are aesthetically appealing.

Our **236 series** enclosure offers hooded protection from the elements and is available in three standard colors; black, red, and yellow (custom colors available). These enclosures are manufactured from non-corrosive aluminum and protected with a Polyurethane finish.

Our **Model 238** series enclosures combine aesthetics and durability in a brushed stainless steel design.

All of our surface-mount enclosures are suitable for indoor and outdoor use. The 236 series and Model 238-001 enclosures are designed to accommodate our full-size telephones and are compatible with our Model 231-002 Pole Mount Kit. The Model 238-001FS is designed to accommodate our compact (FS) series telephones and utilizes our Model 231-001FS Pole Mount Kit. Model 238-003 (not shown) accommodates our flush-panel behavioral-health telephones with model numbers containing BH that measure 8.5 H x 7.5 W inches; compatible with Model 231-001FS Pole Mount Kit.

\*\* Telephones sold separately
