

**COMMERCIAL CONSTRUCTION**

A Division of Hubbell Incorporated (Delaware)

**FOR IMMEDIATE RELEASE**

## **Acme Electric Updates ISO 9001 Certification**

**Menomonee Falls, Wisconsin** November 29, 2018 –Acme Electric announces that the company’s manufacturing facility is certified to the latest ISO 9001 version. Certification is part of Acme’s dedication to serving customers with high quality transformers. Acme Electric, part of Hubbell Commercial Construction, provides innovative electrical products to OEM, industrial and commercial markets.

Acme Electric manufactures a variety of power conversion and conditioning equipment at its North American facility in Monterrey, Mexico. The plant has been ISO certified since 2005 but has now transitioned to the latest version, ISO 9001:2015.

The ISO 9000 family of standards help companies ensure consistent quality products meet their customers’ requirements. These are also oriented towards quality improvement. The 9001:2015 standard provides a set of criteria for certification based on several principles quality management that impact all areas of a business. It is sponsored by the International Organization for Standardization, known as ISO.

Acme’s latest quality policy states: At Acme Electric, our commitment to our customers is to provide world-class electric transformers that meet the requirements of Quality, on-time delivery and the context of the organization. Optimizing resources and innovating processes through our lean manufacturing tool.

Contact the company for details concerning the quality policy and ISO Certification. Find more information at [www.hubbell.com](http://www.hubbell.com).

### **About Hubbell Commercial Construction**

Hubbell Commercial Construction includes five brands that provide innovative and cost-effective electrical products with superior customer service for commercial and/or residential markets. RACO creates electrical boxes, covers, and fittings. TayMac crafts “while in use” covers for outdoor electrical applications. Bell produces weatherproof boxes, covers and outdoor lighting. Wiegmann offers the most complete line of electrical enclosures for OEM, Commercial Construction, and MRO markets. Acme Electric manufactures power conversion and conditioning equipment for industrial, commercial and OEM applications.

These historic brands are part of Hubbell Incorporated, one of the largest electrical manufacturers in North America. The company’s history of innovation extends back to 1889. Founder Harvey Hubbell invented the pull chain light switch and duplex receptacle.
