Outdoor Brand - TayMac

TayMac invented the in-use cover solution over 25 years ago. Extra Duty became a TayMac standard before it was part of the National Electric Code (NEC). Today the brand offers a variety of nonmetallic weatherproof covers and enclosures, as well as metallic covers and fittings. All products that say "We've got you covered!" The company also offers a broad line of attractive indoor wall plates and covers.

Founded 1989

DECORATOR COVER

APPLICATIONS

- Decorator Covers improve the appearance of a room in seconds, creating a designer decorator look by covering old outlets instead of replacing them. There is no need to re-wire, saving time and money

PRODUCT FEATURES

- Completely covers old outdated outlets and switches
- No rewiring
- Saves time and money
- Contemporary look - smooth finish
- PVC material resists wear and tear
- Won't crack or distort during installation
- Includes screw(s) in matching finish
