# End-to-End Product Alignment with Hubbell Premise Wiring and AccelTex

## Jacks & Field Termination Plugs

- Cat 6A 10G ready connectivity
- High power PoE capable
- Small form factor
- Plenum rated

## Panel Kits

- Loaded and non loaded field configurable panels
- 1U 48-port High Density
- Color code to specific networking application

## Patch Cords

- Lockable security patch cords
- Small form factor plugs for easy patch connections
- Thin OD "skinny" patch cable for well-ordered management

## Cable

- Cat 6A 750MHz 10Gbe rated
- AXT barrier for superior noise suppression
- Small OD cable for easy pulling

## Surface Mount Boxes

- 1 and 2-port boxes
- Plenum rated versions
- CB2 guide wire bracket for mounting above the grid

## Wireless Antennas

- 2.4/5GHz antennas for any AP manufacturer
- Small form factor
- Unique mounting solutions

## Enclosures

- Pre-built for any AP or modem manufacturer
- Custom integration capabilities
- NEMA protection for outdoor or other harsh environments

## AP & Antenna Mounting Solutions

- Designed with the installer in mind for fast and simple AP or antenna mounting
- Custom design capabilities for any challenging mounting scenario

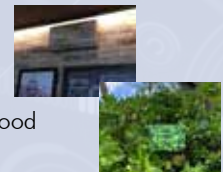

## Lightning & Surge Suppression

- DC-6GHz lightning protection for outdoor deployments
- Surge suppression for any AP or modem deployment in-building

## Vinyl Skins

- Can be easily removed if necessary
- Do not affect RF coverage
- Outdoor-rated and durable
- Made to match rock, foliage, brick, wood
