RACO OLD WORK BOX SUPPORT

969

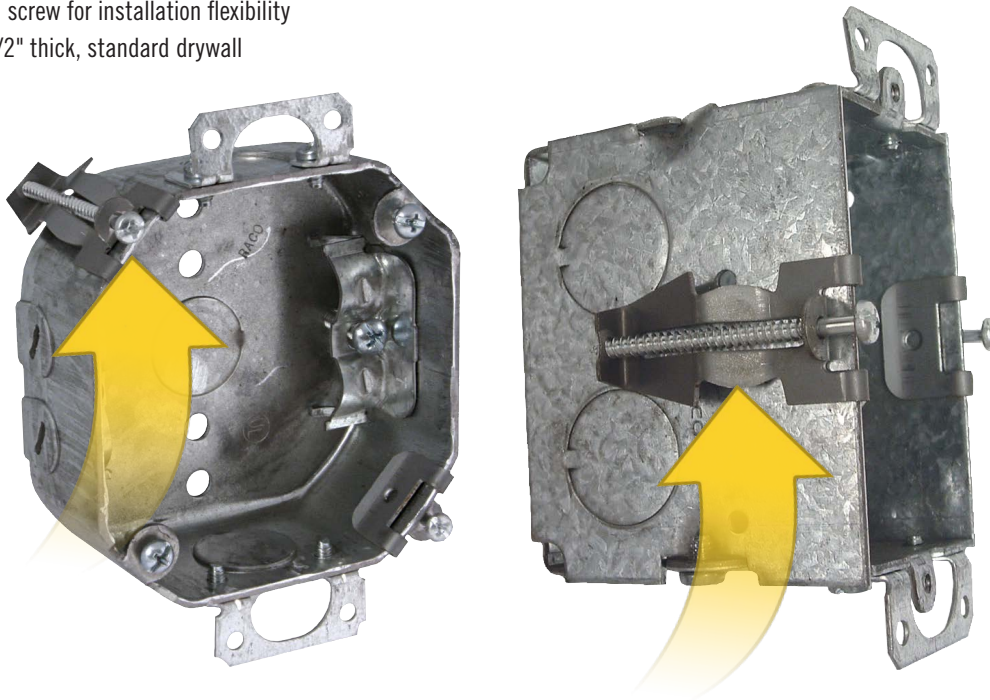

Application

RACO Old Work clips secure steel switch boxes tightly to wall plaster, drywall, concrete block, brick, or concrete.

Adapt any switch box with plaster ears to old work. Can also be used with 4" or 4-11/16" square boxes (plaster ears sold separately).

Features

- Combo-head screw for installation flexibility
- For use on 1/2" thick, standard drywall
