FOR IMMEDIATE RELEASE

Masque[®] Revive[™] Wall Plate Covers from TayMac

South Bend, Indiana June 12, 2018 – Masque[®] Revive[™] Wall Plates from TayMac provide an easy way to create an all new look for worn or discolored outlets and switches. These Device Cover-Up plates allows consumers to renovate homes without re-wiring. TayMac, part of Hubbell Commercial Construction, provides innovative electrical products to industrial, commercial and residential markets.

TayMac's extension of the *Masque* product line can improve the appearance of a room in seconds. Contractors or Do-It-Yourselfers simply remove old wall plates and install new *Revive* covers in decorator styles. The patented design completely covers old outlets and switches to provide enhanced aesthetics and durability.

Revive cover-up plates save time and money. The product line includes single gang, 2-gang or 3-gang models. The PVC material resists wear and tear, won't crack or distort during installation. Suitable for use in residential and commercial applications.

TayMac *Masque Revive* cover-up wall plates are available now. Find more information at www.hubbell.com. Follow the brand on [LinkedIn](#) and [Twitter](#).

Keywords: wall plate, electrical cover, decorator style, cover-up plate, plastic wall plate, masque, revive, taymac, hubbell

About Hubbell Commercial Construction

Hubbell Commercial Construction includes five brands that provide innovative and cost-effective electrical products with superior customer service for commercial and/or residential markets. RACO creates electrical boxes, covers, and fittings. TayMac crafts "while in use" covers for outdoor electrical applications. Bell produces weatherproof boxes, covers and outdoor lighting. Wiegmann offers the most complete line of electrical enclosures for OEM, Commercial Construction, and MRO markets. Acme manufactures power conversion and conditioning equipment for industrial, commercial and OEM applications.

These historic brands are part of Hubbell Incorporated, one of the largest electrical manufacturers in North America. The company's history of innovation extends back to 1889. Founder Harvey Hubbell invented the pull chain light switch and duplex receptacle.
