HUBBELL

Take Advantage of the Hubbell Bundle

When you want to streamline ordering, product bundling is the answer. A Hubbell Bundle allows you to customize your bundle to get the mix of wiring solutions needed.

A Hubbell Bundle offers many other benefits for distributors as well:

SAVES TIME

- Get all the wiring products from a single source
- Eliminate the hassle of product storage thanks to staged packaging and shipping according to your project timelines
- Put hours back into your day so you can focus on important tasks beyond product ordering

MAKES ORDERING EASY

- Create a stress-free, fast buying process
- Reduce frustration when everything for your project is included in your Hubbell Bundle
- Stop searching for specific products from a long list of various suppliers

INCREASES YOUR VALUE

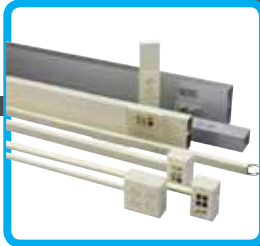

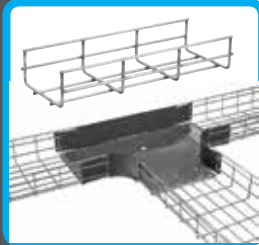

- Order entire wiring systems with high-performance components designed to work together
- Improve your perceived value to customers and create long-lasting loyalty
- Escalate your average order value
