

# micro6

Best-in-Class Architectural Recessed Luminaire

Micro6 provides high efficacy LED or supremely efficient T5 lighting for 6" wide contemporary architectural ceiling systems, standard T-bar, or hard ceiling installations. Attractive narrow aperture lighting with effective output, the Micro6 offers four LED lumen packages, six fluorescent lumen packages, two lens options and either flush or regressed lens position. Micro6 is appropriate for new or retrofit installations in office, education, health care, corridors, open areas, airport, lobby and retail environments.

Visit us at LIGHTFAIR Booth # HLI1745.
