QS2 is Hubbell Lighting’s most aggressive Quick-Ship program. North Central’s QS2 offering features key product configurations of popular Columbia Lighting products in a 2-day window. Variations like color temperature, lumen output, dimming as well as integrated controls, emergency ballasts and flex options are included in this program. Our local modification capabilities allow us to customize product configurations in quantities up to 150 pieces depending on the product family.

Orders of QS2 products ship in 2 days in most cases.

Orders deliver within 1 to 3 days after shipment depending on location.

Agents in participating locations will transmit single order to Hubbell Lighting – by 11:00 A.M. Eastern. The order cannot be combined with any other orders and must be marked “QS2”.

Orders entered by 11:00 A.M. Eastern Monday will ship by Wednesday. If the order is received after 11:00 A.M. Eastern an extra day will be added for shipment to the jobsite.

Notify your Customer Service Representative by email when the order is submitted. Please make sure the subject of your email contains QS2 and the PO#.

Contact your Regional Sales Manager or Customer Service Representative with QS2 questions.
**LJT - LED Lensed Troffer**

**FEATURES**
- Full distribution LED troffer
- Direct replacement for 2x2 and 2x4 fluorescent
- Long life, 60,000 hour LEDs at L80 reduce life cycle maintenance costs
- Two color choices with excellent color consistency and 82 CRI
- Fixed output, step dimming, or 0-10V dimming drivers available
- Hinged optical system allows easy access to LED modules and electrical from below the ceiling

Based on A12 lens, range represents 3000K through 5000K. Lumens vary depending on color temperature and other factors. See specific photometric test(s).

**LCAT - LED Contemporary Architectural Troffer**

**FEATURES**
- Attractive architectural center lens
- High efficiency acrylic center lens features linear prisms for high performance without pixelation
- Appropriate for offices, schools, medical, and public spaces
- High performance reflector with matte white paint standard
- 60,000 hour LEDs at L80 (up to 150,000 projected life) for reduced maintenance
- Two LED color choices and 82 CRI
- Multiple lumen packages

Nominal lumens range represents 3000K through 5000K. Lumens vary depending on color temperature and other factors. See specific photometric test(s).
### LLHV - LED Highbay

**Features**
- Optical design provides one-for-one replacement of metal halide and fluorescent high bays with substantial energy savings
- High efficacy LEDs provide up to 138 lumens per watt
- Available in narrow or wide distribution
- Easy center driver cover allows tool-less access to electrical components for modular replaceability
- Extremely low profile—only 2” overall height
- Quick and simple hanging systems include chain, trolley, or aircraft cable mounting (order separately)
- Access cover in channel for easy wiring access
- “Plug and play” occupancy sensor, daylight sensor, cord and plug
- Wire guard and/or lens option
- DesignLights Consortium (DLC) qualified; see www.designlights.org
- CSA listed and suitable for damp locations
- Up to 55°C ambient operation
- Five year warranty (Terms & Conditions apply)

**Available Options**
- **C6TL152**: 6’ cord and Twist-Lock™ Plug 15A, 2=277V
- **ELL14**: Emergency Battery Pack Installed, 1100-1400 Lumen
- **OS1360**: Factory Installed Occupancy/Daylight Sensor, 1-relay, 360° lens
- **F3C6/F4C6**: 3-Conductor 6’ cord
- **F3C6**
- **OS1360**: Factory Installed Occupancy/Daylight Sensor, 1-relay, 360° lens, 120/277/480V, 1-relay

**Voltage**
- **U**: 120V-277V

### LHA - Industrial Fluorescent High Bay

**Features**
- Compact, open body linear high bay offers energy efficient performance
- Easy center-ballast cover allows tool-less access without lamp or reflector removal
- Extremely low profile—only 2” overall height allows fixture to be installed without concern about obstructions
- Reflector options include uplight (recommended) or solid top with either narrow or wide distribution
- Rotary locking lampholders secure lamp in position and conceal contacts
- Quick and simple hanging systems including chain, trolley, or aircraft mounting
- Suitable for operation in up to a 45°C (113°F) ambient environment

**Available Options**
- **C6TL152**: 6’ cord and Twist-Lock™ Plug 15A, 2=277V
- **ELL14**: Emergency Battery Pack Installed, 1100-1400 Lumen
- **OS1360**: Factory Installed Occupancy/Daylight Sensor, 1-relay, 360° lens, 120/277/480V, 1-relay
- **F3C6/F4C6**: 3-Conductor 6’ cord
- **F3C6**
- **OS1360**: Factory Installed Occupancy/Daylight Sensor, 1-relay, 360° lens, 120/277/480V, 1-relay

**Voltage**
- **U**: 120V-277V
