MODERN

Modern interiors showcase sleek design through the use of neutrals, a minimalism approach, glass décor and technology.

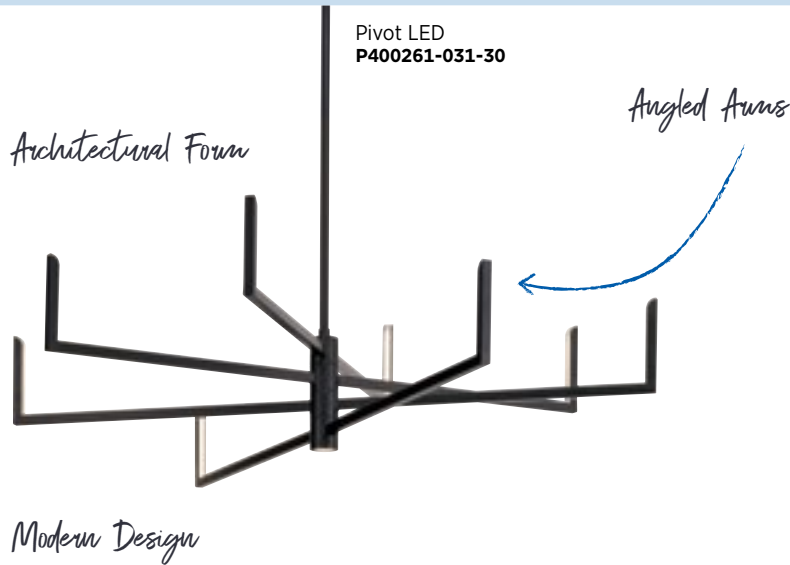

Kyndra Outlaw

OUTDOOR LIVING

Outdoor spaces become an extension of the home's interior with lighting, furniture, and décor that takes all the comfort, style, and quality of inside designs to the outside.

Outdoor spaces are curated just like indoor rooms, with seating, cooking and serving stations, arranged in floor plans. Wicker and rattan have long been outdoor furnishing favorites due to their durability and style: now, these materials make their way into lighting designs that offer a casual, light and breezy feeling.
