## JEFFREY ALAN MARKS

Recognized as one of today's most influential American designers, Jeffrey's work is infused with the same lighthearted, good-natured disposition as the Southern California talent himself. With a thoughtful and tailored sensibility, his designs are always an effortless blend of timelessness and casual livability, devoid of trend or artifice. From Nantucket Beach houses to San Francisco town houses, Jeffrey's work resonates.

**DESIGN+SERIES™**

Featuring Point Dume™ Hook Pond Lanterns

Photo by Read McKendree

A modern two-story house with a light grey exterior and a dark grey roof. The ground floor features a large glass-enclosed patio area with a stone fireplace on the left and a dining area on the right. The patio is furnished with a light blue sofa, a wooden coffee table, and a dining table with chairs. The house is surrounded by a green lawn and a low green hedge. A text box is overlaid on the left side of the image.

A fitting collaboration between  
dreamer and maker.

## DREAMER

Jeffrey's purposeful and authentic spaces beg to be lived in rather than existing only to be stylish. Today this Elle Décor A-List designer's spirited aesthetic is realized beyond his fortunate clients through licensing partnerships and a broader audience can look forward to homes that are more genuine, more personal and more engaging.

JEFFREY ALAN MARKS

INSPIRED BY

POINT DUME

Photo by Lisa Romerein

“I believe that lighting has a higher purpose, to be at once illuminating and decorative, purposeful and beautiful. Lighting is the ultimate marriage of form and function and the most transformative element in a design project. The very nature of light itself is inspirational.”

JEFFREY ALAN MARKS

Jeffrey's Point Dume™ lighting collection celebrates a curated mix of yesterday and today, distilling both industrial and artisanal influences. At home in a range of lifestyles from coastal to urban, the Collection is inspired by two of his favorite places, Point Dume, California, and East Hampton, New York, with exceptional

combinations of materials woven throughout. Emulating both the raw strength and the captivating honesty of the landscape, Jeffrey intuitively elevates lighting to a more authentic art form as he marries craftsmanship and style with some of his favorite materials and memories.

## MAKER

In the eclectic Point Dume™ Collection, the dreamer and the maker are united by the desire to provide an elevated level of home fashion to an enthusiastic design-savvy consumer. As the inaugural guest designer of Progress' Design Series brand, Jeffrey's design goals are in sync with the Design Series

philosophy — to offer sophisticated styling at an accessible price. Together they are on a journey to inspire individuals to update favorite spaces in their homes through interior and exterior fixtures that highlight artistic influence, rich finishes and fashion-forward elements.

## *GOOD DESIGN HAS NO LIMITS*

Test interior design limits by taking the chandelier out of the dining room and into the living room. Placed over a sofa in a richly layered and beautifully realized living room décor, it makes an artistic silhouette that punctuates a room and adds life to a tonal palette. The Rae chandelier doubles as a work of art, with its blend of geometric shapes and a sculpted, handcrafted frame finished in a glowing golden finish.

## PLAYING WITH ANGLES

Basic geometry is anything but boring when you add shapely influences to your home for a unique touch of style. This foyer sets the stage for the first steps into your home as it plays up the geometric trend to the hilt with abstract artwork, a clean-lined X base console table, and a dramatic lighting fixture. Your guests will do a double-take as they gaze up at Cumberland, a unique geometric pendant finished in matte black frames and accented with circular seed glass panes. Its artistic "X" and "O" tic-tac-toe pattern echoes the geometry of the hall table for a design scheme that's sure to draw compliments.

Featuring Cumberland

Featuring Chatsworth

## FIRST IMPRESSIONS COUNT

It only takes seven seconds to make a first impression, so make it count with your front entryway. Here, classic architectural style gets a modern vibe with an unadorned column and the elongated shape of the Chatsworth lantern.

*CLASSIC +  
MODERN PLAY  
WELL TOGETHER*

Exaggerated color and playful silhouettes abound in this living room that is a unique juxtaposition of modern and traditional styling. Traditional highboy and side table furnishings meld with the contemporary use of two circular stools as a coffee table. The simply charming Maudlin pendant at either end of an emerald couch adds symmetry and balances the bright color. Maudlin's geometric frames and clear seeded glass panes play off the diamond-patterned rug and showcase a modern twist on age-old classics.

*SHADES OF  
BLACK AND  
GRAY*

Turn the shiplap trend on its head by installing it vertically on the wall and painting it an accent color. The black vanity placed against the gray wall adds a moody, comforting tone to a serene bathroom. A pair of Bonita wall sconces flank an oversized mirror, adding understated elegance to the vignette. Contemporary ladder shelving displays bath necessities against an adjoining wall for additional visual flair.

## LAYER LIGHTING WITH GEOMETRIC ACCENTS

Circular elements featured in the mirror and Debut chandelier work together to provide dramatic focal points to this living space. Additionally, the Squire outdoor wall lantern was incorporated in a clever way in this interior setting to create a rich layer of light to contribute to the room's décor.

Featuring Debut and Squire

Featuring Zura

## SLEEK AND SOPHISTICATED

One of the most important things to remember when illuminating your bathroom is to provide shadow-free lighting at the mirror. This bath area benefits from a generous amount of natural light, while our sleek and sophisticated Zura sconces placed on either side of the bathroom mirror work to further reduce shadows on the side of the face.

*MODERN  
ARTISTIC APPEAL*

Raise the bar on modern design to a new artistic ideal. Warm colors, organic wood and shimmering metals create a welcoming contrast to cool white walls and contemporary art. The Lowery pendant and wall sconce add dramatic appeal with their free-form rectangular shapes finished in alternating textured black iron and softly distressed gold leaf. The Penn pendant's clear glass sphere topped with lustrous gold offers a touch of glamour over a polished wooden chest. The mixed metal theme continues in the dining area, where the Adagio pendant strikes a sculptural note above the table.

POINT DUME™ COLLECTION

OUTDOOR

“This collection of exterior lighting represents the true meaning of home – inviting spaces filled with warmth, comfort and beauty. Through these designs, I strive to capture the magic that is East Hampton, New York, a spot that is very sentimental to me and my family. The unobstructed landscape dominates, with beautiful green pastures surrounding tranquil ponds on the ocean’s edge.”

JEFFREY ALAN MARKS

This outdoor lighting extension of the Point Dume™ Collection expresses the relaxed attitude of shingled homes on the East Coast shoreline married with the elegant style of Hampton estates. Jeffrey turns to a familiar mix of finishes, such as galvanized and aged metals alongside a new palette of crisp

white and artistic glass, evoking a bygone era of craftsman-ship and glamour that epitomizes Hampton retreats. These designs blur the lines between indoor and outdoor living, creating a welcoming and luxurious atmosphere for homes from coast to coast.

Featuring Point Dume™ Hook Pond

# LOWERY

The Lowery collection raises the bar on contemporary design to a new artistic ideal. Layered rectangular shields finished in textured black iron are interposed with distressed gold leaf panels against a black frame. Lowery casts a shimmering reflective light that highlights the beautiful contrast between light and dark while adding a touch of glamour.

# ADAGIO

An array of geometric patterns in Adagio is a nod to the musical description of a tender and melodic tone. The modern design features lights that are distributed around a circular band. Mixed metal elements, which are present in Brushed Silver and Brushed Gold accents, can complement monochromatic color palettes that are popular in homes today. Each fixture in the Adagio collection creates a focal point and is ideal for Luxe and Modern interiors.
