## JEFFREY ALAN MARKS

Recognized as one of today's most influential American designers, Jeffrey's work is infused with the same lighthearted, good-natured disposition as the Southern California talent himself. With a thoughtful and tailored sensibility, his designs are always an effortless blend of timelessness and casual livability, devoid of trend or artifice. From Nantucket Beach houses to San Francisco town houses, Jeffrey's work resonates.

PROGRESS LIGHTING  
**DESIGN+SERIES™**

Featuring Point Dume® Hook Pond Lanterns

Photo by Read McKendree

A modern two-story house with a large glass-enclosed patio and a dining area. The house features a light-colored exterior with dark window frames and a stone chimney. The patio is furnished with a light blue sofa, wicker armchairs, and a dining table with wooden chairs. A large glass wall provides a view of a lake and trees. The scene is set in a lush green environment with a well-manicured lawn and hedges.

A fitting collaboration between  
dreamer and maker.

## DREAMER

Jeffrey's purposeful and authentic spaces beg to be lived in rather than existing only to be stylish. Today this Elle Décor A-List designer's spirited aesthetic is realized beyond his fortunate clients through licensing partnerships and a broader audience can look forward to homes that are more genuine, more personal and more engaging.

POINT DUME

“I believe that lighting has a higher purpose, to be at once illuminating and decorative, purposeful and beautiful. Lighting is the ultimate marriage of form and function and the most transformative element in a design project. The very nature of light itself is inspirational.”

JEFFREY ALAN MARKS

Jeffrey’s Point Dume® lighting collection celebrates a curated mix of yesterday and today, distilling both industrial and artisanal influences. At home in a range of lifestyles from coastal to urban, the Collection is inspired by two of his favorite places, Point Dume, California, and East Hampton, New York, with exceptional

combinations of materials woven throughout. Emulating both the raw strength and the captivating honesty of the landscape, Jeffrey intuitively elevates lighting to a more authentic art form as he marries craftsmanship and style with some of his favorite materials and memories.

## MAKER

In the eclectic Point Dume® Collection, the dreamer and the maker are united by the desire to provide an elevated level of home fashion to an enthusiastic design-savvy consumer. As the inaugural guest designer of Progress' Design Series brand, Jeffrey's design goals are in sync with the Design Series

philosophy — to offer sophisticated styling at an accessible price. Together they are on a journey to inspire individuals to update favorite spaces in their homes through interior and exterior fixtures that highlight artistic influence, rich finishes and fashion-forward elements.

## *INSPIRED BY NATURE*

Celebrate the beauty of nature with modern organic spaces that are visually appealing, functional, and in harmony with the natural world to provide a sense of well-being. Floor-to-ceiling windows, greenery, and earthy color and décor elements offer a connection to nature in our modern living spaces. A textured pendant like Laila brings a sophisticated natural presence from an artisanal frame created from hand-knotted strands in an intricately woven design that delivers a delightful interplay of shadows and inviting ambient light.

*SUBLIME*  
*MODERN DESIGN*

Simple geometric lines and curves characterize the modern design trend. Quirky and functional, this style's flair comes from its modern yet retro juxtaposition of materials and forms. A clean white palette is the perfect background for abstract art, and the solid dark lines of the table and lighting complement a set of curved white dining chairs. Lighting pieces from the Arya Collection have a lively essence created by the rhythm of slender, graceful, staggered arms that define the bold architectural form of the chandelier, flush mount light and wall brackets.

## *DARK AND MOODY*

Exaggerated color and modern silhouettes abound in this bedroom, starting with a majestic, moody purple feature wall that draws the eye to the back of the room. A pop of royal blue complements the deep color of the walls, while the light wood flooring highlights the rich color scheme throughout. The angular metal shades suspended from an expansive frame create a signature design statement in the Trimble Collection. Its mid-century modern inspiration incorporates a streamlined approach and rich visual details that bring iconic style to luxe spaces.

Featuring Trimble

Featuring Chatsworth

## *FIRST IMPRESSIONS COUNT*

It only takes seven seconds to make a first impression, so make it count with your front entryway. Here, classic architectural style gets a modern vibe with an unadorned column and the elongated shape of the Chatsworth lantern.

*BOLD AND RICH*

Adding panel molding to walls is a great way to add visual interest to a space. Color it black for double the drama, and use warm wood to balance the black walls with the gleaming white marble countertops. Finish with gold-tone lighting and hardware to add a luxurious touch. The elongated slim silhouette of the Trimble linear pendant features flat disc shades and a globe bulb for a splash of mid-century modern style, and the Silva pendant lights up a room with its stunning metallic drum and linen shade to establish a clean, modern, uplifting statement.

*SHADES OF  
BLACK AND  
GRAY*

Turn the shiplap trend on its head by installing it vertically on the wall and painting it an accent color. The black vanity placed against the gray wall adds a moody, comforting tone to a serene bathroom. A pair of Bonita wall sconces flank an oversized mirror, adding understated elegance to the vignette. Contemporary ladder shelving displays bath necessities against an adjoining wall for additional visual flair.

## LAYER LIGHTING WITH ORGANIC ACCENTS

Add personality and whimsical charm to a dining area by mixing interesting texture and warm wood furnishings against clean white walls and light wood flooring. A trio of pendants from the Cordova Collection imbue the space with a light and airy style. Inspired by the graceful interlacing of a bird's nest, its artisanal handwoven natural rattan frame surrounds a textured white linen diffuser to create soft illumination.

Featuring Trimble

## MIX, DON'T MATCH

Mix vertical and horizontal lines in differing wood tones to give this bedroom an incredibly layered look. Decorative items on the nightstand bring texture into the space, while neutral, patterned textiles give the room a cozy feel. Accent this warm style with the simple curved lines of the Trimble pendant. An arched metal shade holds a graceful glass dome shade, presenting a rich visual interest while delivering pleasing bedside illumination.

## MODERN ARTISTIC APPEAL

Raise the bar on modern design to a new artistic ideal. Warm colors, organic wood and shimmering metals create a welcoming contrast to cool white walls and contemporary art. The Lowery pendant and wall sconce add dramatic appeal with their free-form rectangular shapes finished in alternating textured black iron and softly distressed gold leaf. The Penn pendant's clear glass sphere topped with lustrous gold offers a touch of glamour over a polished wooden chest. The mixed metal theme continues in the dining area, where the Adagio pendant strikes a sculptural note above the table.

POINT DUME® COLLECTION

OUTDOOR

“This collection of exterior lighting represents the true meaning of home – inviting spaces filled with warmth, comfort and beauty. Through these designs, I strive to capture the magic that is East Hampton, New York, a spot that is very sentimental to me and my family. The unobstructed landscape dominates, with beautiful green pastures surrounding tranquil ponds on the ocean’s edge.”

JEFFREY ALAN MARKS

This outdoor lighting extension of the Point Dume® Collection expresses the relaxed attitude of shingled homes on the East Coast shoreline married with the elegant style of Hampton estates. Jeffrey turns to a familiar mix of finishes, such as galvanized and aged metals alongside a new palette of crisp

white and artistic glass, evoking a bygone era of craftsman-ship and glamour that epitomizes Hampton retreats. These designs blur the lines between indoor and outdoor living, creating a welcoming and luxurious atmosphere for homes from coast to coast.

Featuring Point Dume® Hook Pond

# POINT DUME® / SHADMORE

Airy interconnected geometric cubes form a spacious frame giving the light a modern personality. ## POINT DUME® / EDGECLIFF

The Edgecliff Pendant celebrates the austere simplicity and functionality of America's architecturally distinct corrugated metal-clad buildings. Crisp, sharp lines form a frame of iconic metal curves, making a sculptural gesture to its traditional inspiration. Silver mesh patterned glass on each end of the frame provides a luxurious touch to the rustic design. Jeffrey recommends using exposed filament style bulbs in the open-bottom frame to further the authentic Farmhouse style of the light.

# SAFFERT

Substantial scale and a bold form give Saffert a modern urban style. A stoic beam-style frame is punctuated by clear glass shades. The large-scale Saffert pendant features four slender rods that capture a circular metal frame and glass diffuser. A fabric shade softens the clean style of the pendant.

An array of geometric patterns in Adagio is a nod to the musical description of a tender and melodic tone. The modern design features lights that are distributed around a circular band.
