Recognized as one of today’s most influential American designers, Jeffrey’s work is infused with the same lighthearted, good-natured disposition as the Southern California talent himself. With a thoughtful and tailored sensibility, his designs are always an effortless blend of timelessness and casual livability, devoid of trend or artifice. From Nantucket Beach houses to San Francisco town houses, Jeffrey’s work resonates.
A fitting collaboration between dreamer and maker.
Jeffrey’s purposeful and authentic spaces beg to be lived in rather than existing only to be stylish. Today this Elle Décor A-List designer’s spirited aesthetic is realized beyond his fortunate clients through licensing partnerships and a broader audience can look forward to homes that are more genuine, more personal and more engaging.

combinations of materials woven throughout. Emulating both the raw strength and the captivating honesty of the landscape, Jeffrey intuitively elevates lighting to a more authentic art form as he marries craftsmanship and style with some of his favorite materials and memories.

Jeffrey’s Point Dume™ lighting collection celebrates a curated mix of yesterday and today, distilling both industrial and artisanal influences. At home in a range of lifestyles from coastal to urban, the Collection is inspired by two of his favorite places, Point Dume, California, and East Hampton, New York, with exceptional combinations of materials woven throughout. Emulating both the raw strength and the captivating honesty of the landscape, Jeffrey intuitively elevates lighting to a more authentic art form as he marries craftsmanship and style with some of his favorite materials and memories.
In the eclectic Point Dume™ Collection, the dreamer and the maker are united by the desire to provide an elevated level of home fashion to an enthusiastic design-savvy consumer. As the inaugural guest designer of Progress’ Design Series brand, Jeffrey’s design goals are in sync with the Design Series philosophy — to offer sophisticated styling at an accessible price. Together they are on a journey to inspire individuals to update favorite spaces in their homes through interior and exterior fixtures that highlight artistic influence, rich finishes and fashion-forward elements.
Shadmore

With the Shadmore Pendant, Jeffrey embraces bold architectural influences to create a minimalistic design that effectively blurs the lines between indoor and outdoor living. Airy interconnected geometric cubes form a spacious frame giving the light a modern personality. An elegant, marbleized acrylic shade creates a striking focal point while delivering an inviting, warm glow.

The Edgecliff Pendant celebrates the austere simplicity and functionality of America’s architecturally distinct corrugated metal-clad buildings. Crisp, sharp lines form a frame of iconic metal curves, making a sculptural gesture to its traditional inspiration. Silver mesh patterned glass on each end of the frame provides a luxurious touch to the rustic design. Jeffrey recommends using exposed filament style bulbs in the open-bottom frame to further the authentic Farmhouse style of the light.
Seamoor

For Seamoor, Jeffrey created a sophisticated adaptation of the utilitarian metal roofs found on farm buildings throughout the countryside. A square frame supports a wavy roof inspired by traditional corrugated rooflines. The rectangular handle is reminiscent of handles on old barn lanterns, but its oversized scale adds a contemporary element. Clear glass panels surround a classic silver reflector on the back panel, enhancing the glow cast from an elegant double candle holder. Made with DURASHIELD, a durable material spatially designed and tested to resist harsh environmental conditions.

Evoking thoughts of Jeffrey’s East Coast summer home, the Hook Pond Collection features a steeply pitched, barn-inspired roof crowned with a distinctive loop finial. A clean, modern frame holds glass panels printed with a unique silver mesh pattern reminiscent of a traditional screened-in porch. Light is comfortably diffused from the white opal glass orb held within the generously scaled frame. The versatile collection is constructed of engineered composite polymers. Hook Pond wall lanterns are made with DURASHIELD, a durable material specially designed and tested to resist harsh environmental conditions.

Dunemere

Homes from coast to coast will appreciate how the Dunemere Wall Lantern embodies Jeffrey’s love of casual, relaxed outdoor living. Vintage barn details of symmetrical gables and a slanted corrugated roof form a peaked canopy over modern ribbed lamp holders and clear glass panels. Made with DURASHIELD, a durable material specially designed and tested to resist harsh environmental conditions.

The Wakecrest LED Wall Sconce is a contemporary take on rustic luxury. Jeffrey translated the corrugated rooflines of classic barns into a softly waved sconce frame, paying homage to the Americana aesthetic. A crisp, sharp edge defines the modern roof peak and complements the vintage character of the fixture’s design. Made with DURASHIELD, a durable material specially designed and tested to resist harsh environmental conditions.
“This collection of exterior lighting represents the true meaning of home – inviting spaces filled with warmth, comfort and beauty. Through these designs, I strive to capture the magic that is East Hampton, New York, a spot that is very sentimental to me and my family. The unobstructed landscape dominates, with beautiful green pastures surrounding tranquil ponds on the ocean’s edge.”

Wandermere

With elegant out-stretched arms and the grace of a Calder mobile, the Wandermere chandelier is “modern symmetry in balance.” Available in Brushed Brass with curved metal shades, the Wandermere is an architectural presence for any space.
Surfrider

Rows of lapping wave-like metal are combined with beautifully braided cords, and suspension hooks for an ageless “industrial meets the modern minded” point of view. The inspired Surfrider pendant is offered in a Galvanized finish and a refreshing “Maliblue” finish. To round out the versatile group, the Surfrider collection also includes complementary sconces available in Galvanized, Antique Bronze or White.

Onshore

Continuing Jeffrey’s modern take on light and movement, the Onshore series combines some of his favorite materials and finishes. Offered as a White and Brushed Brass pendant, or a “Maliblu” and Brushed Nickel option, the Onshore group is a fresh and uplifting choice for casual living.

The Onshore swing arm wall sconce in Brushed Brass has a three-tiered white enamel shade that complements this lifestyle.
Sandbar

Ageless Brushed Brass is layered in modern tiers for the Sandbar ceiling fixture, sconce and pendant light. The addition of Jeffrey’s tailormade leather details, brass hooks, milk glass and cables make for memorable, luxury lighting with infinite design applications.
Lookout

The Lookout wall sconce is a modern classic that combines Brushed Nickel, clear seeded glass and handsome leather accents. Perfectly at home in so many locations and lifestyles, the Lookout sconce is ideal to use when multiples are a must. The Lookout wall sconce has the enduring sensibility that adds an uncomplicated elegance to any interior.
“For me the true meaning of home is being surrounded with natural physical beauty and well-crafted objects that feel both polished and personal.”

JEFFREY ALAN MARKS
Yerba

The Yerba group marries a modernized Moroccan shape with Mid Century geometric detail. Crafted of pierced metal in a Silver Ridge finish, the Yerba collection offers an inverted pendant, a dome shaped pendant, ceiling mounted fixture and wall sconce, each casting dramatic dappled light throughout a space.
Shearwater

The Shearwater hanging lanterns and wall sconces embody Jeffrey’s love of easy coastal living. His lighter lantern and sconce option combine Antique Nickel with clear glass and a soft-beige stitched leather handle, while the more traditional version of Shearwater combines Aged Brass, clear glass, and a handsome brown stitched leather handle. For a more California look, Jeffrey offers a white lantern with clear glass and his signature Malibu blue accent as a pop of color in the roof of the fixture.

Moonrise

Quintessential JAM, Moonrise is an ethereal globe fashioned of Antique Nickel and marbled white glass. With a nod to its vintage ancestry, this simple style statement manages to defy time and live quite happily in the present. Jeffrey recommends the simplicity of Moonrise’s round silhouette the perfect choice when the design calls for multiples.

Tapia Trail

Jeffrey creates two distinctive looks when combining first Aged Brass and milk glass and then timeless Brushed Nickel and seeded glass. Both versions of the Tapia Trail fixture are defined by rivet details and remind us of their industrial origins — part Nautical, part Farmhouse, all American.
With sophisticated effortlessness, the Windbluff pendant was inspired by breezy shoreline living and incorporates Brushed Brass and natural linen. This transitional pendant, perfect for both modern and traditional interiors, is suspended by decorative brass hooks and thoughtfully has a white diffuser to create that perfect glow.
Sequit Point

The romance and architectural presence of a lighthouse is expressed in the Sequit Point group. In the same way strips of glass increased the effectiveness of lighthouse beacons, the modern Sequit Point series benefits from a similar ingenuity. Mercury glass sleeves stand in tandem with clear glass rods to provide a familiar glow for the convertible ceiling fixture/pendant. Available in Antique Nickel and Brushed Brass.
The timeless Latigo Bay wall sconce hugs the wall with a simple lined Mercury glass back and an articulated curved metal shade. Predicted to be a classic go-to for a variety of easy interior updates, this slim vertical sconce is available in Antique Bronze and Brushed Nickel.
