Your guide to selecting the perfect fixtures for your space.

The lighting and ceiling fans you select for your home should not only be functional, it is your opportunity to express your personality and elevate each room’s design aesthetic. While there are many choices to make during the selection process, it doesn’t have to be overwhelming. This catalog is intentionally designed so you can quickly understand different options and characteristics of each fixture category. It is your guide to easily and efficiently plan functional, beautiful lighting for every room in your home.
Using this tool.

STEP 01
Go to the Product Finder starting on page 04 to search for your perfect fixture.

STEP 02
Use colored tabs to quickly turn to product sections.

STEP 03
Get more detailed information by searching the product number at: ProgressLighting.com

A RUSTIC TAKE ON ELEGANCE

Create a stunning space that is both cozy and polished by combining rustic elements and clean lines. Simple furniture and earthy linens contrast with the natural drama of the Loretta Collection pendant and wall sconces, highlighting this bedroom. Glimmering pressed glass and organically shaped leaves finished in a softly blended patina capture the serene feel of lily pads floating in a gently rippling pond.

REFINED + RUSTIC

Embrace natural, earthy tones like blues and warm neutrals to create a calming and serene dining atmosphere. This modern organic vibe is balanced by the luxe industrial touches of the room’s lighting. The lines of the Lusail pendant and wall sconce showcase geometric forms with a hand-forged appearance that contrasts beautifully with sleek golden elements, bringing a refined look to the scene.
LUSAIL

A LIGHTER SPIN ON BLACK AND WHITE

A graphic, black and white palette comes together naturally when softened with organic touches like marble countertops and textured glass. Two Rivera pendants create an otherworldly effect by softly filtering illumination through an icy display. Linear segments in rich, deep black tones frame billets of handcrafted glass in a modern craftsman-inspired design.
RIVERA

NATURAL MATERIALS, TIMELESS STYLE

Sustainable materials such as wood, stone, and natural fibers bring new life to a room’s design. A dynamic mix of textures, geometric forms and subtle earthy hues add depth and warmth. Tactile, simple rectangles form the building blocks of the Boundary pendant. The fixture’s modern organic design is crafted from natural wood and offers timeless style to contemporary settings.

HAAS

Modern and organic inspirations elegantly meld together in Haas. A bold linear frame branches out to embrace smoothly etched opal glass globes that imbue a room with soft illumination.

**FINISHES**

- *009* Brushed Nickel
- *31M* Matte Black
- *109* Brushed Bronze

Haas chandeliers can be installed with shades installed level or rotated to create an artful asymmetric statement.

Like a breath of fresh air, the organic design trend focuses on a connection with nature and a minimalist aesthetic. Incorporate plants and earthy tones like greens, blues, and warm neutrals to create a calming and serene atmosphere. The Conte LED ceiling fan’s clean lines are inspired by the delicate elegance of a blooming flower with blades that gracefully curve upwards at the ends, evoking a sense of gentle movement even when the fan is still.

WINTER 2024

CAPTARENT LED MIRRORS

Functionality at Your Fingertips

TOUCH BUTTON CONTROLS

1. Touch the circle button for on/off controls. Press and hold to dim the LED light source.
2. Touch the starburst button to select the color temperature.

SELECTABLE COLOR TEMPERATURE
Choose from the warm, cozy embrace of 3000K, the cool neutrality of 4000K, or the refreshing radiance of 5000K.

3-CCT SELECTABLE

- 3000K: Soft
- 4000K: Cool
- 5000K: Daylight

WALL SWITCH CONTROL
Turn the mirror on/off with the buttons directly on the mirror or using a wall switch.

MEMORY FUNCTION
Once you’ve customized your dimming level and selected your color temperature, the Captarent LED mirror will remember your settings for the next use.

QUICK AND EASY INSTALLATION
Installation is easy, using the universal mount that allows for horizontal or vertical placement on walls. An open back design allows for easy junction box access.

SUSTAINABLE PACKAGING
Packaged in sustainable honeycomb cardboard, minimizing waste and supporting eco-conscious living.

WATCH NOW
Use the touch button to turn the mirror on and off, select the color temperature, and quickly dim the LED light source. Watch the product video for more product features.
Captarent LED mirrors feature a frosted LED light that highlights the geometric profile of the mirror while providing a balanced wash of LED illumination. The dimmable light source is 3CCT selectable with a push-button touch control to ensure uniform and flattering illumination for your space.

Always Ready

STANDBY LED MOTION SENSOR

When darkness falls and motion is detected, Standby LED seamlessly illuminates the area.

1. ENTER
2. LIGHT ON
3. AUTO-OFF

Enter a dim room and Standby LED will turn on.
Light stays on while motion is detected in the room.
Light turns off after 30 seconds of inactivity.
Standby LED
Motion Activated Surface Mount

Illuminate your space with confidence and efficiency with the dual technology 7.72 inch Surface Mount LED Light, an intelligent lighting solution that combines motion-sensor technology with energy-saving design. This sleek disk light is activated when motion is detected from its built-in PIR (Passive Infrared) sensor. When darkness falls and motion is detected, it seamlessly illuminates the area. The integrated photocell ensures that the light only activates when ambient light levels are insufficient, preventing unnecessary energy consumption. Powered by innovative LED technology, this fixture emits a warm 3000K light with a high 90 CRI through a polycarbonate lens without harsh glare or dark spots. Choose a crisp Satin White to seamlessly match your interior decor.

**P810041-028-30** Satin White
7.72" dia., 1.38" ht.
14w Integrated LED, 3000K, 90 CRI, 975 delivered lumens.

---

Fairway LED Surface Mount

The Fairway 7 in. Surface Mount LED Light combines sleek design with value-driven functionality. Its durable metal trim is coated in a clean white finish paired with a glare-free polycarbonate lens. A 1000-lumen light engine delivers a total of 850 lumens of 3000K, 90 CRI illumination that is dimmable using TRIAC dimmers and is CA Title 24 Compliant. Its classic design has a gasketed, UL wet location listed construction and is quickly and easily installed by mounting directly into a j-box in a variety of residential and commercial settings.

**P810042-028-30** Satin White
7" dia., 1.10" ht.
11w Integrated LED, 3000K, 90 CRI, 857 delivered lumens.

Products with this icon are WiFi compatible and may be controlled with WiFi when one of the following controls is added:
• AC Motor fans can add the P2667-31 WiFi remote control
• DC Motor fans that are WiFi compatible can add the P2673-01 WiFi module.

With the addition of one of the above controls, you may easily control your ceiling fan or light with your smart phone, tablet, voice controls, or hand held remote. Use the Smart by Bond technology to control on/off function of the fan and the light kit along with full range dimming and fan speed control.

**DC Motor ceiling fans feature high torque for increased air movement, whisper quiet operation, and greater energy efficiency than AC motors.**

**The OSCILLAR™ Series of ceiling fans are powered by an ultra-quiet oscillating DC motor with three blades to offer a full 360-degree rotation, ensuring optimal air circulation throughout the room.**

**Products with this icon can be installed with the shades facing up or down.**

**Products with this icon can be installed horizontally or vertically.**

Table 150.0A defines products that do not have to meet JA8 and can be used to comply with 2016 Title 24.

Products comply with the California Appliance Efficiency Regulations. Certified products are listed on the appliance efficiency database found at www.appliances.energy.ca.gov.

Products with this icon are Dark-Sky Friendly: in accordance with international dark sky initiatives, these fixtures help to minimize glare while reducing light trespass and skyglow (they don’t pollute the night sky.)

Products with this icon have a feature that allows for selectable CCT (correlated color temperature)

Ceiling fans with this icon have passed the cUL requirements and are available for sale in Canada. These products include the additional safety features needed to comply with the regulations in Canada. Items with the icon are listed with NRCan.

Complies with American with Disabilities Act

Products with this icon are WiFi compatible and may be controlled with WiFi when one of the following controls is added:
• AC Motor fans can add the P2667-31 WiFi remote control
• DC Motor fans that are WiFi compatible can add the P2673-01 WiFi module.

With the addition of one of the above controls, you may easily control your ceiling fan or light with your smart phone, tablet, voice controls, or hand held remote. Use the Smart by Bond technology to control on/off function of the fan and the light kit along with full range dimming and fan speed control.
