The screenshot shows the 'Request Customer Accounts' form. At the top, it asks 'Which accounts do you need access to?' with a search bar. Below the search bar are 'BACK' and 'SUBMIT' buttons. A modal dialog is open, titled 'Which brands do you need for account [redacted]'. It contains a list of brands with checkboxes: 'Wiring Devices' (unchecked), 'Acme' (checked), 'Premise' (checked), 'Progress Lighting' (checked), 'Burdny' (unchecked), and 'Raco Taymac Bell' (unchecked). An 'ADD ACCOUNT' button is at the bottom of the modal. In the background, a 'Don't know your account number? Some helpful tips:' section is visible, providing instructions on account number formatting and where to find them on invoices.

When done requesting sold to accounts simply click “SUBMIT”  
Access requests are actioned within 24-48 hours.

The screenshot shows the 'Request Customer Accounts' form after several accounts have been added. The search bar contains 'Search by 6-digit account number'. Below it is a table titled 'Requested Accounts' with columns for 'Account' and 'Brands'. The table lists three accounts: one with brands 'Raco Taymac Bell, Hubbell Industrial Controls, Killark', another with 'Premise', and a third with 'Killark'. Each row has edit and delete icons. Below the table is a pagination control showing 'Page: 1 of 1' and a 'Show 10' dropdown. At the bottom are 'BACK' and 'SUBMIT' buttons. A light blue box at the bottom contains the same 'Don't know your account number? Some helpful tips:' section as seen in the previous screenshot.
