## SOLUTIONS OVERVIEW

# OIL & GAS SOLUTIONS

Hubbell is your trusted global provider of products for harsh and hazardous environments, offering heavy industrial and explosion-proof equipment engineered to withstand the toughest extremes in the toughest climates.

## Innovative | Safe | Reliable

Hubbell's portfolio of brands are bolstered by a legacy of quality, unsurpassed service, and a commitment to innovation that enables agile new product development.

# ENGINEERING SOLUTIONS FOR THE OIL & GAS INDUSTRY

- » Oil & Gas Companies
- » EPC Contractor/Engineering Firms
- » Oil Field Services & Companies
- » Safety/IT Directors

# ONE HUBBELL ADVANTAGE

Hubbell brands seamlessly integrate to ease engineering demands, enhance safety and provide the support you need.

## GLOBAL CERTIFICATIONS

Engineering products that exceed standards for applications across the globe.

## SAFETY AND TECHNOLOGY

Hubbell engineering teams can survey and audit facilities to ensure proper equipment conditions and installation and compliance with latest safety standards and regulations.

## FIELD SERVICES

In order to improve efficiencies and enhance safety, Hubbell teams provide all facets of field services, from terminations to electrical checks.

## CUSTOMIZED ENGINEERED SOLUTIONS

Hubbell applications engineers assist with up-front design and specifications, such as lighting design software, acoustic design software, and specification writing to ensure best industry practices. In addition, Hubbell provides integrated and custom-designed solutions to fit specific applications.
